

Amendment No. 02

This amendment has been raised in order to answer questions from potential bidders:

Question 1: Given the difficulty of estimating in advance the travel costs and fees/honoraria of the SMEs, how can proponents possibly provide budget estimates that will ensure that total costs will be less than \$90,000?

Answer: It is expected that the service provider will include in their recruitment strategy a methodology including contingencies and/or alternatives to ensure they stay within the budget they propose to enable a 5-day review panel session.

Question 2: What fee/honorarium (\$) for SMEs will you authorize for this project?

The compensation/honorarium is expected to be a fare rate for their services, and negotiated between the SME/FSGs and the service provider.
