Royalty Related Audit Services – Oil and Gas Royalties

Please note the following Q & A's:

- Q1. Would an individual with Oil and Gas vendor audit contract compliance experience qualify/meet the mandatory technical criteria of MT6.2. These type of audits are similar to GCA where you are verifying eligibility of costs compared to a contract terms.
- A1. Oil and Gas vendor audit contract compliance experience would not meet the mandatory technical criteria of MT6.2
- Q2. As per the criteria in MT6 - 6.2 it appears that the technician must have had a role as a Production or Revenue Accountant. Is this correct, and does a technician who has audited production accounting systems qualify, yet has never held the role as a PA?
- A2. Experience auditing production accounting systems or revenue accounting systems would not meet the mandatory criteria MT 6.2.
