**Please amend the above mentioned bidding solicitation with the changes here below:**

**1. Question #1:**

Specs - Mechanical and Weld Spec at page 13 item 8.2.4 Machine a shaft gear with outside spline 'shaft motor'... Is the reference to this shaft gear on drawing A95532, it looks like there is no spline in the this drawing, if not, what does this drawing make reference too?

**Answer #1:**

The spline must be machined to properly fit with the female part at reference Item 8 pinion - 000-201-817 and the splines themselves, can be seen at reference Item 8 - 8t et 5T. The A95532 drawing makes reference to the shat, without the splines.

**2. Add the following documents to the invitation to tender:**
