

NOTES

Scale*: 1/10"=1'

- 1.The 2010 American with Disabilities Act (ADA) along with Architectural Barriers Act (ABA) Accessibility Guidelines requires you by law to make your park/play area accessible when viewed in its entirety. Please consult the Accessible Guidelines.
- 2.For play equipment to be considered accessible an accessible route must be available with in the play area to all identified accessible components per ADA and ABA.
- 3.When adding to an existing play area, it is important to consider the total elevated components to ground level requirements including accessible routes.
- 4.All deck heights are measured from the top of the finished protective surfacing material.
- 5.Fall absorbing protective surfacing material is required under and around all play equipment within the play area.
- 6.The minimum recommended use/fall zone around each play structure and/or independent play equipment is outlined on the layout drawing.
- 7.Age appropriate label locations are marked with a double asterisk. (**)
- 8.The requirement for a Play Builder installation is that the post can not be set prior to installing the decks.
- 9.All post lengths are identified by text showing the post lengths, i.e. 2210 or 87 represents a 2210mm or 87 inch post. Scale for reference only. Use dimensions as shown.

* Scale for reference only. Use dimensions as shown.
