## **5.0 RIGHTS OF CANADA**

### **5.1 Canada reserves the right to:**

1. Accept any Proposal in whole or in part, without prior negotiation;
2. Reject any or all Proposals received in response to this RFP;
3. Cancel and/or re-issue this RFP at any time;
4. Ask the Bidder to substantiate any claim made in the Proposal;
5. Enter into negotiations with one or more Bidders on any or all aspects of their Proposals;
6. Award one or more Contracts;
7. Retain all Proposals submitted in response to this RFP.

## **6.0 SUBSTANTIATION OF PROFESSIONAL SERVICES RATES**

### **6.1 In Canada's experience, bidders will from time to time propose prices at the time of bidding that they later refuse to honour, on the basis that these prices do not allow them to recover their own costs and/or make a profit. When evaluating the prices for professional services bid, Canada may, but will have no obligation to, require price support for any prices proposed. Examples of price support that Canada would consider satisfactory include:**

1. documentation (such as billing records) that shows that the Bidder has recently provided and invoiced another customer (with whom the Bidder deals at arm's length) for services similar to the services that would be provided under a resulting contract, and the fees charged are equal to or less than the price offered to Canada (to protect the privacy of the customer, the Bidder may black out the customer's name and personal information on the invoice submitted to Canada);
2. a signed contract between the Bidder and an individual qualified (based on the qualifications described in this bid solicitation) to provide services under a resulting contract where the amount payable under that contract by the Bidder to the resource is equal to or less than the price bid;
3. a signed contract with a subcontractor who will perform the work under any resulting contract, which provides that the required services will be provided at a price that is equal to or less than the price bid; or
4. details regarding the salary paid to and benefits provided to the individuals employed by the Bidder to provide services, where the amount of compensation, when converted to a per diem or hourly rate (as applicable), is equal to or less than the rate bid for that resource category.

Once Canada requests substantiation of the prices bid, it is the sole responsibility of the Bidder to submit information (either the information described in the examples above, or other information that demonstrates that it will be able to recover its own costs based on the prices it has proposed) that will allow Canada to determine whether it can rely, with confidence, on the Bidder's ability to provide the required services at the prices bid, while, at a minimum, recovering its own costs. Where Canada determines that the information provided by the Bidder does not demonstrate the Bidder's ability to recover its own costs in providing the prices bid, Canada may, at their sole discretion declare the bid non-compliant.

## **7.0 MANDATORY CLAUSES**

### **7.1 Where the words "must", "shall" or "will" appear in this RFP, the clause is to be considered as a mandatory requirement.**

Bidders should make the request to the Contracting Authority within the timeframe specified in the contract award notice. The debriefing may be in writing, by telephone or in person at the discretion of the Contracting Authority.

## **9.0 OFFICE OF THE PROCUREMENT OMBUDSMAN**

If you have issues or concerns regarding the solicitation, you have the option of raising them with the department or with the Office of the Procurement Ombudsman (OPO). The Office of the Procurement Ombudsman was established by the Government of Canada to provide an independent avenue for suppliers to raise complaints regarding the award of contracts under \$25,000 for goods and under \$100,000 for services. You can also obtain more information on the OPO services available to you at their website at [www.opo-boa.gc.ca](http://www.opo-boa.gc.ca).

- 1.2 In their bid submission, bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their proposal, by deleting the Canadian province specified in the previous paragraph and inserting the Canadian province or territory of their choice. If no change is made, the bidder acknowledges the applicable law specified is acceptable to the Bidder.

### **2.0 SUBMISSION OF PROPOSAL**

- 2.1 Proposals must be submitted in hard copy as described in Article 3.0.
- Due to the nature of this RFP electronic transmission of proposal by such means as electronic mail or facsimile to the Department of Agriculture and Agri-Food is not considered to be practical and therefore will not be accepted.

**Prices shall not appear in any area of the proposal except in the Financial Proposal.**

#### **6.0 CERTIFICATION REQUIREMENTS**

In order to be awarded a contract, the certifications attached in **Appendix "E"** will be required. The certifications should be submitted with the proposal. Canada may declare a bid non-responsive if the certifications are not submitted or completed as required. Where Canada intends to reject a proposal pursuant to this paragraph, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time frame period will render the proposal non-responsive.

Compliance with the certifications the Bidder provides to Canada is subject to verification by Canada. The Contracting Authority shall have the right to ask for additional information to verify that the Bidder is compliant with the applicable certifications before and after award of a contract. Any certification made by the Bidder that is determined to be untrue, whether made knowingly or unknowingly, or any failure to comply with the certifications or comply with the request of the Contracting Authority for additional request of the Contracting Authority for additional information, will render the bid non-responsive.

- 7.3 The evaluation team reserves the right, but is not obligated, to perform any of the following tasks:

Should any part of the Work whether it be a report, document, good or service not be in accordance with the Contract or not be done to the satisfaction of the Canada, as submitted, Canada will have the right to reject it or require its correction at the sole expense of the Contractor before making payment.
- 5.2 The Contractor will be in default of the Contract if the Work is rejected by Canada or if he fails to correct the Work within a reasonable delay.

#### **GC6. Amendments and Waivers**

It is essential that the Work be performed within or at the time stated in the Contract.

- 8.1 Any delay by the Contractor in performing the Contractor's obligations under the Contract which occurs without any fault or neglect on the part of the Contractor its subcontractors, agents or employees or is caused by an event beyond the control of the Contractor, and which could not have been avoided by the Contractor without incurring unreasonable cost through the use of work-around plans including alternative sources or other means, constitutes an excusable delay.
- 8.2 The Contractor shall give notice to the Minister immediately after the occurrence of the event that causes the excusable delay. The notice shall state the cause and circumstances of the delay and indicate the portion of the Work affected by the delay. When requested to do so by the Minister, the Contractor shall deliver a description, in a form satisfactory to the Minister, of work-around plans including alternative sources and any other means that the Contractor will utilize to overcome the delay and Endeavour to prevent any further delay. Upon approval in writing by the Minister of the work-around plans, the Contractor shall implement the work around plans and use all reasonable means to recover any time lost as a result of the excusable delay.
- 8.3 Unless the Contractor complies with the notice requirements set forth in the Contract, any delay that might have constituted an excusable delay shall be deemed not to be an excusable delay.
- 8.4 If an excusable delay has continued for thirty (30) days or more, Canada may, by giving notice in writing to the Contractor, terminate the Contract. In such a case, the Parties agree that neither will make any claim against the other for damages, costs, expected profits or any other loss arising out of the termination or the event that contributed to the excusable delay. The Contractor agrees to repay immediately to Canada the portion of any advance payment that is unliquidated at the date of the termination.
- 8.5 Unless Canada has caused the delay by failing to meet an obligation under the Contract, Canada will not be responsible for any cost incurred by the contractor or any subcontractors or agents as a result of an excusable delay.
- 8.6 If the Contract is terminated under this section, Canada may require the Contractor to deliver to Canada, in the manner and to the extent directed by Canada, any completed parts of the Work not delivered and accepted before the termination and anything that the Contractor has acquired or produced specifically to perform the Contract. ## **APPENDIX “B”**

### **STATEMENT OF WORK**

#### **TITLE: ONTARIO AND GREAT LAKES FARM INPUT PRICE SURVEY**

#### **BACKGROUND:**

Agriculture and Agri-Food Canada requires data on current farm input prices in order to conduct analysis related to farm input markets, forecast farm input prices, and improve farm-level economic models. There is an ongoing concern with the level of farm input prices amongst farmers, governments, and others that are involved in agriculture, as well as interest in comparing the prices of farm inputs with those in neighbouring U.S. states. In this regard, the House Agriculture Committee has stressed in the past that AAFC should facilitate and support the collection and publication of input price data on a regional basis to enable farmers to shop around and avoid high input prices.

AAFC has been collecting this information since 1993. All the work under the previous contract has been completed. The previous contract was awarded through a competitive bid to the University of Guelph, Ridgetown Campus. The start date was September, 2010. End date of the final option year was March 31, 2014. This previous contract was for four surveys per year.

This request for proposals is for a contract covering one year that consists of a fall survey and with two option years that each consist of a spring and fall survey.

#### **OBJECTIVE:**

The data from these surveys are required by AAFC to understand how costs in Canada of key inputs (fertilizer, fuel, pesticides, and seed) compare to those across the US border and how this cost relationship changes over time. This allows AAFC to i) understand the relative cost environment facing Canadian producers, ii) assess the effects of farm policies and industrial policies in both countries, and iii) assess structural changes taking place in the farm sector and inputs sector.

## **SCOPE OF WORK:**

- 1.1 The contractor will meet the Project Authority to discuss the work plan.
- 1.2 The contractor will conduct a survey of a minimum of 3 retail outlets in each of the following survey locations in Ontario: Hensall, Almonte, St. Thomas, Wyoming, Welland, Stratford, Woodstock, Bradford, Chatham and Leamington; AND a minimum of 3 retail outlets in each of the following U.S. survey locations: Bad Axe, Michigan; Lapeer, Michigan; Harbour, Michigan; Adrian, Michigan; Auburn, Indiana; and Toledo, Ohio.
- 1.3 The contractor will collect the data from each farm supply dealer and must report the retail price quotations for each particular farm input. The inputs are: pesticides, fertilizers, fuels and biotechnology (or genetically modified-GMO) seeds, and traditional seeds, as per Appendix F. For the first year of the contract, the data would be collected once during the fall application season (tentative dates October 1-15). For the two option years, data would be collected once during spring seeding (tentative dates April 18-May 18) and once during the fall application season (tentative dates October 1-15).
- 1.4 The contractor will report on the average price and the minimum and the maximum prices for all inputs in each of the 4 regions (i.e., each state or province is a "region"). In addition, the contractor will provide all survey data collected to AAFC. All data must be provided in a consistent MS Excel file format.
- 1.5 The report will include the U.S. prices, Canadian prices, and the U.S. survey prices converted to Canadian dollars and in product/farm input equivalent units\*. It will also include a written summary or overview of the prices, which will be provided to AAFC in a MS Word file format.

\* refers to product reporting differences between Canada and the U.S., e.g. litres versus U.S. gallons, etc.
- 1.6 The contractor will liaise regularly with the Project Authority throughout the course of the project. In particular during the conducting of the field work, the Contractor will report any problems encountered or anticipated, with proposed solutions, and possible impacts on schedule and work plan.

## **DELIVERABLES AND SCHEDULE:**

- 2.1 Agriculture and Agri-Food Canada will be provided a written summary report and the collected survey data for each survey. For the first year, this will be once for the fall application season. For the two option years, data would be collected and

a report provided twice, once during spring seeding and once during the fall application season.

The report will include a written summary or overview of the prices along with tables that display the average survey price for each farm input in each region, the maximum and minimum range. In addition, all collected survey data will be provided in an MS Excel file format. It will also include the number of price quotations or observations\*\* for each of the products listed in Appendix F\*\*\*.

\*\*An observation is a price quote for a particular item in a particular location.

\*\*\*AAFC reserves the right to adjust the product list collected in Appendix F during the course of the contract, which could include the addition of up to a maximum of 20 additional products.

## 2.2 *Timing of Deliverables*

The first survey will be determined at the signing of the Contract by the Project Authority. Each report is to be completed and delivered to AAFC within 2 weeks of completing data collection. Exact dates each year will depend on the timing or progress of the crop growing season.

- 2.2.1 The report of the spring seeding survey is tentatively scheduled to be delivered between the middle of May and early June of each option year. *(The report must be delivered no later than June 10 of each option year of the duration of the contract.)*
- 2.2.2 The report of the fall application survey is tentatively scheduled to be delivered between the middle of October and end of October of each year. *(The report must be delivered no later than Oct 31 of each year throughout the duration of the contract, including option years.)*
- 2.2.3 The report will be sent electronically using MS Excel and/or MS Word as necessary.

### **EVALUATION PROCEDURES & CRITERIA**

#### **TECHNICAL PROPOSAL**

It is essential that the elements contained in the Proposal be stated in a clear manner and in sufficient depth to allow for evaluation by the evaluation team.

#### **1.0 METHOD OF SELECTION – HIGHEST COMBINED SCORE OF TECHNICAL MERIT AND PRICE**

- 1.1 The evaluation process is designed to identify the most qualified contractor to provide services as stipulated in the Statement of Work (Appendix B).
- 1.2 This section comprises the detailed Proposal requirements that will be used to evaluate Bidders' responses to the RFP.
- 1.3 The mandatory requirements under section 2.0 will be evaluated on a compliant/non-compliant basis. The Proposals must include the necessary documentation to demonstrate this compliance.
- 1.4 The selection of the responsive Proposal will be made on the basis of the **HIGHEST COMBINED SCORE** for both the technical and financial proposals. The combined scores will be determined by adding the technical and financial points obtained.

The Bidders' Technical and Financial proposals will be scored separately. An Overall Proposal Score will be determined by combining a Bidder's Technical Proposal Score and Financial Proposal Score in accordance with the following weights:

Technical Proposal = 70%  
Financial Proposal = 30%  
Overall Proposal = 100%

Formula:

$$\frac{\text{Technical Score} \times \text{Ratio (XX)}}{\text{Max Points}} + \frac{\text{Lowest Price} \times \text{Ratio (XX)}}{\text{Bidder's Price}} = \text{Overall Score}$$

**Example:**

<b><i>Highest Combined Rating Technical Merit (70%) and Price (30%)</i></b>			
<b><i>Calculation</i></b>	<b><i>Technical Points</i></b>	<b><i>Price Points</i></b>	<b><i>Total Points</i></b>
Proposal 1 - Tech = 88/100 - Price = \$60,000	$\frac{88 \times 70}{100} = 61.6$	$\frac{*50 \times 30}{60} = 25$	= 86.6
Proposal 2 - Tech = 86/100 - Price - \$55,000	$\frac{86 \times 70}{100} = 60.2$	$\frac{*50 \times 30}{55} = 27.27$	= 87.47
Proposal 3 - Tech = 76/100 - Price = \$50,000	$\frac{76 \times 70}{100} = 53.2$	$\frac{*50 \times 30}{50} = 30$	= 83.2
* Represents the lowest priced proposal Bidder 2 is successful with the highest combined rating of 87.47			

**1.5 To be considered Responsive, a Proposal Must:**

- 1.6 The price of the Proposal will be evaluated in CANADIAN DOLLARS, Applicable Taxes excluded, FOB destination for goods/services, Customs Duties and Excise Taxes included.
- 1.7 Failure of a Proposal to provide information in sufficient detail and depth to permit evaluation against the identified criteria may render a Proposal non-responsive. **All Bidders are advised that only listing experience without providing any supporting data to describe where and how such experience was obtained will not be considered to be “demonstrated” for the purpose of the evaluation. All professional experience must be fully demonstrated in the Proposal (i.e., dates, number of years and months of experience).**
- 1.8 The Bidders acknowledge and agree that Canada is not responsible to search for, and therefore evaluate, information that is not properly referenced or is not otherwise provided in accordance with the Proposal Preparation Instructions in Part 2, Article 3.0.
- 1.9 Bidders shall not place any conditions or make any assumptions that attempt to limit or otherwise modify the scope of Work pursuant to the Statement of Work (Appendix B).
