**ITQ AMENDMENT 003**

**INVITATION TO QUALIFY  
TOLL FREE NETWORK SERVICE (TFNS)  
FOR  
SHARED SERVICES CANADA (SSC)  
  
ITQ AMENDMENT 003**

This amendment is raised to make changes to the Invitation to Qualify (ITQ) document(s) posted on Buy and Sell.

**QUESTION # 6**

Re: Criteria 3, items b and c

Time of Day Routing, Area Code (NPA) Routing, Exchange (NXX) Routing are not Call Prompter features. Please remove all references to “Call Prompter” and instead replace them with “toll-free internetworking” features.

**RESPONSE # 6**

We are not saying that these are features of the call prompter but that they must have a call prompter that interworks with the listed features.

Therefore SSC does not agree to the change.

**All Other Terms and Conditions Remain Unchanged**
