

**National Off-Site Storage and Document Management
Solicitation 1000016189a
Question and Answers 2**

Q1. Considering the short period of time between the solicitation release and the close date, we respectfully request a two week extension, to Tuesday, September 30th, 2014.

A1. The Public Prosecution Service of Canada shall accept to extend the solicitation period to September 30th, 2014. No other extension shall be granted.

Amendment 2 to the Request for Proposal (RFP) and Notice of Proposed Procurement is uploaded.

Q2. Would it be possible to receive an estimation of volumes (number of boxes, number of retrievals, new accessions, and other items in the price table included in Annex B- Basis of Payment) per city or region? PPSC probably has this information available from current vendors, internal systems or Library and Archives Canada. This will allow all participants to understand the origin of information, the level of activities, hence a more accurate financial proposal.

A2. The following are provided as approximate values and are not to be taken as contract guarantee.

CITY	STORAGE VOLUME cubic feet	RETRIEVALS* per/month	ACCESSIONS* per/month
VANCOUVER	25,000	9	25
EDMONTON	18,150	8	9
WINNIPEG	7,945	6	5
TORONTO	26,205	3	5
MONTREAL	7,250	3	115
OTTAWA	9,000	20	43
HALIFAX	1,700	6	27

* Average based on a three month period
