

Question 10:

Section 1.7 references evaluation methodology within Section 5 of the RFP for a description of environmentally sound commodities and environmental preferences associated with this procurement. No such description is found within Section 5. Please clarify.

Response:

There are no environmental preferences associated with this procurement.

Question 11:

Section 2.20 covers proposals within a Joint Venture (JV) format. JV's have an implied structure. Please define a JV within this context. Is it equivalent to a collaboration, partnership, consortium etc.?

Response:

In the context of this RFP a joint venture is equivalent to a collaboration, partnership, consortium etc.
