#6. Question: I am requesting clarification on the term "Extended Warranty 1 year". The majority of these pieces of equipment come with a 1 year parts and labour warranty. When you are asking for a price on "Extended Warranty 1 year" are you in effect asking for the second year's warranty?

Answer: : The 'extended warranty' is additional to the equipment original warranty supplied with the purchase of the equipment. For example: For a unit that offers a 2 years standard warranty; if a client wishes to procure the extended warranty 3 year option it will ensure the requesting client obtains a total of 5 warranty years on the unit.

ALL OTHER TERMS AND CONDITIONS OF THIS SOLICITATION REMAIN UNCHANGED.
