This solicitation amendment 007 is raised to address bidders questions and to extend the closing date.

The closing date is extended to 08 October 2014.

Question 12;

Could you please provide the weight of each axle for the MSVS when at full GVWR?

Answer;

There was enough information given for the bidders to calculate the downward force at each axle location at full load. All the measurements and weights to calculate the axle loads are in the annex of the document.

Question 13:

How will the MSVS be loaded onto the trailer? (front axle towards the front or rear of the trailer?)

Answer:

It is up to the discretion of the bidder as to how the truck is to be loaded so it fits onto the design of the trailer.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
