**Q38. Question**

Question (RFRE Annex L Appendix 2, Preparation Instructions for the Supplemental Other Team Member Materials). The Supplemental Other Team Member instructions refer to information concerning Prime Team Members who are already QR. For instance, Section I requires information under clause 2.20. Clause 2.20.1(a) requires the “the name and address of each Prime Team Member, Other Team Member and /or Joint Venture Participant...” Many of the 2.20 clauses reference the Prime Team Member.

We assume that the October 29 Supplemental Other Team Member submission is specific to Other Team Members who joined the team after a Respondent was deemed qualified and the submission excludes previously-provided information. Using the example in the previous paragraph, we assume that we submit the name and address of the new Other Team Member only, and not each Prime Team Member. Is our assumption correct?

**A38. Answer**

Yes, your assumption is correct. Please refer RFRE clause 2.31.
