SECTION A – INTRODUCTION

The Canadian Tourism Commission (CTC) is Canada’s national tourism marketing organization. A federal Crown corporation, CTC leads the Canadian tourism industry in marketing Canada as a premier four-season tourism destination, and supports the Canadian economy by generating tourism export revenues.

Through collaboration and partnerships with the private sector, the Government of Canada, plus the provinces and territories, the CTC works with the tourism sector to maintain our competitiveness and position Canada as a destination where travellers can create extraordinary personal experiences.

CTC’s approach focuses on those global markets where Canada’s tourism brand leads and yields the highest return on investment. CTC is active in 11 key geographic markets: the new and emerging markets of Brazil, China, India, Japan, Mexico and South Korea, as well as the core markets of Australia, France, Germany, United Kingdom and United States.

For further information, please visit <http://corporate.canada.travel/>.

A1. Purpose and Intent

The purpose of this Negotiated Request for Proposal (the “**NRFP**”) is to solicit proposals for a proponent(s) to provide daily social media cultivation across the CTC’s German social media platforms to engage community and increase awareness of Canada to German travellers. See Statement of Work (Section C) for detailed requirements.

It is CTC’s intent to enter into an agreement with one or more proponents who can best serve the interests of CTC. At the final outcome of the NRFP process, the successful proponent(s) (“Contractor(s)”) may be required to collaborate with CTC’s other service providers and partners to ensure that public relations and communications services are consistent with CTC’s mandate, brand and corporate strategy.

This procurement process is not intended to create and does not create a formal binding bidding process whereby every proponent is deemed to have entered into a “Contract A” with the CTC. Instead, the process is intended to enable CTC to learn what proponents can offer by way of goods or services in response to the CTC’s Statement of Work. Depending on the number and variety of responses, the CTC will subsequently negotiate with those proposals that best serve its needs, as determined by the CTC.

By submitting a proposal, a proponent agrees to this negotiated process and agrees that they will not bring a claim against the CTC with respect to the award of a contract, failure to award a contract or failure to honour a response to this NRFP.

In summary, this NRFP is issued solely for the purpose of obtaining proposals. Neither the issuance of this NRFP nor the submission of a proposal implies any obligation by CTC to enter into any agreement. The intent of this NRFP is to identify those vendors capable of meeting CTC’s requirements and with whom a final agreement may be negotiated.

A2. Contract Term

CTC anticipates entering into negotiations with the selected proponent(s) for up to a two (2) year period, with an option to extend on an annual basis by CTC for a total period not to exceed another two (2) years, at CTC’s sole discretion. CTC does not grant exclusivity, guarantee business or make any guarantee of the value or volume of work that may be assigned to the Contractor.

SECTION B – NRFP EVALUATION CRITERIA AND INSTRUCTIONS

B.1 Mandatory Criteria Evaluation

To qualify for evaluation, proposals will first be checked against the mandatory criteria set out in Section D. Proponents failing to satisfy the mandatory criteria evaluation will be provided an opportunity to rectify any deficiencies (“Rectification Period”). Proposals satisfying the mandatory criteria during the Rectification Period will be further evaluated as outlined in Section B.2. All proposals failing to satisfy the mandatory criteria after the Rectification Period will be excluded from further consideration and notified as such. The Rectification Period will begin at the closing of the NRFP, and will end within a time period defined by CTC in its sole discretion.

B.2 Desirable Criteria Evaluation

Proposals meeting the mandatory criteria will then be evaluated and scored on the desirable criteria set out below. CTC’s evaluation committee may be comprised of CTC employees and consultants to CTC who are bound by an agreement of confidentiality with respect to the NRFP process. The evaluation committee will be responsible for reviewing and evaluating proposals and making an award recommendation to CTC Senior Executive.

All decisions on the degree to which proposals and/or presentations/demonstrations (if applicable) meet the stated criteria and the scores assigned during the evaluations, are at the sole discretion of CTC.

B.2.1	Desirable Criteria Questionnaire (Section E)	75%
-------	--	-----

Proposals will be evaluated based on meeting the above desirable criteria. Proposals that achieve a score of 60% of 75% or higher (the “Shortlist”) will be evaluated further based upon, but not limited to Proposed Pricing.

B.2.2	Proposed Pricing (Section F)	<u>25%</u>
-------	------------------------------	------------

	TOTAL	100%
--	-------	------

B.2.3	Negotiations

Proponents should submit their entire proposal via e-mail to the Contracting Authority by the closing date and time (“Closing Time”) of **08:00 hours PT, October 30th, 2014**.

Any proposal received after the Closing Time may not be reviewed by the CTC. The proponent has sole responsibility for the timely submission of their proposal.

Proposals should be in PDF format and should be submitted as per the instructions in B.3.4 below. All proposals received as a result of this NRFP shall become the property of the CTC. The time stamp of CTC’s email system shall be the official time for receipt of the proposal.

If the CTC, in its sole discretion, determines that information generated from any question will be of interest to all, a summary of anonymous questions and answers will be made available to all proponents in the form of an amendment. The source of all questions will be kept confidential.

If a proponent believes that disclosure of a question and response would expose a proprietary aspect of its proposal, the proponent may submit the question with an advisory to the CTC explaining why it should not be included with the posted anonymous questions and answers. If CTC concurs with the request, the question will be answered in confidence and will not be posted. If CTC does not concur with the request, the proponent will be asked to restate the question, and if this is not possible, the proponent has the option to withdraw the question.

B.3.4 Instructions

All submissions, intentions, and questions are to be e-mailed to procurement@ctc-cct.ca and should reference “**NRFP CTC-2014-NK-09 German Social Media Cultivator - CONFIDENTIAL**” in the e-mail subject line. Include the following with your submission, intentions and questions:

When evaluating proposed pricing, CTC may consider the total cost of ownership (TCO) associated with the product or service over its lifetime including, but not limited to, acquisition cost, staffing resources, training, installation, support, maintenance, transportation and logistics, operating costs, and disposal costs. CTC does not consider the presentation as additional weighted criteria, rather a verification of information contained within the Shortlisted proponent's proposal. Verification of the proponent's capabilities is at the sole discretion of CTC. Consequently, CTC may choose to revise proponent evaluation results previously scored based on the information gained through the presentation, or only finalize the evaluation results after the presentation.

All costs associated with the presentation will be the responsibility of the proponent.

While the information set out, or referred to, in this NRFP has been prepared and included in good faith, CTC does not give any representation or warranty whatsoever that it is all-inclusive or that it is free of error. Some items may change at any time due to business circumstances.

All such costs are taken at the sole risk of the proponent. By participating in this NRFP, the proponent agrees to absolve the CTC of any responsibility for the same.

H.9 Language

Proposals may be submitted in either French or English. The working language for the NRFP process and subsequent contract will be English.

H.10 Negotiations

The CTC reserves the right to negotiate contract scope and terms with the top-ranked proponent(s) whose expertise, experience, vision and reputation are judged to best serve the interests of the CTC, hereafter the "Preferred Proponent(s)". Proponents are cautioned not to assume that the lowest priced proposal will result in a contract award.

The CTC will enter into discussions and negotiations with the Preferred Proponent(s) to reach agreement on the final terms of the Agreement. Negotiations may include requests by CTC for supplementary information from the proponent to verify, clarify or supplement the information provided in its proposal or confirm the conclusions reached in the evaluation and may include requests by CTC for improved pricing from the proponent.

Consecutive Negotiations - The Preferred Proponent(s), as established under the evaluation, will be invited to enter into contract negotiations with CTC. CTC intends to conduct negotiations within the Timeframe for Contract Negotiations.

If, for any reason, CTC and the Preferred Proponent(s) fail to reach complete agreement within the Timeframe for Contract Negotiations, the CTC will be at liberty to terminate the discussions with the Preferred Proponent(s) and invite another suitably qualified proponent to enter into negotiations to reach agreement for the services. There will be no legally binding relationship created with any proponent prior to the execution of a written agreement.

All requests must be in writing to the CTC Contracting Authority and should be made within thirty (30) days of notification of award. The intent of the debriefing information session is to aid the proponent in presenting a stronger proposal in subsequent procurement opportunities. Any debriefing provided is not for the purpose of providing an opportunity to challenge the procurement process.

H.13 Material Circumstances

A material circumstance means any circumstance or relationship which may lead to an unfair advantage including but not limited to: being associated to or related to a CTC employee or Board member of CTC; having access to information not available to other proponents; communicating with any unauthorized person with respect to the NRFP process; engaging in any action which constrains or limits the ability of another proponent to submit a proposal for the goods or services herein; providing a gift or benefit to a CTC employee or Board member; or engaging in conduct that compromises or could be seen to compromise the integrity of the NRFP process (each a "Material Circumstance").

CTC may consider any Material Circumstance (as defined above) as disclosed in a proposal or otherwise, and CTC may eliminate a proposal from consideration on the ground that a Material Circumstance gives rise to a conflict of interest that CTC considers in its opinion would give rise to unfair advantage in the NRFP process, or would otherwise prejudice the integrity of the NRFP process.

H.14 Proponents Not to Promote Their Interest

Proponents must not make any public comment, respond to questions in a public forum or carry out any activities to publicly promote or advertise their interest in this opportunity.

Proponents shall keep confidential all information received from the CTC and other information developed for the CTC in connection with this competition. Proponents shall not use CTC's confidential information except as required to develop a proposal and presentation in response to this NRFP.

Except as required by law, CTC will not disclose or publish the identity of proponents, nor reveal in any way the substantive information and financial terms contained in any proposal. Only the name of the Contractor will be revealed at the conclusion of the process and only after an agreement has been fully executed by the contracting parties.

H.16 Publicity

Proponents must not refer, expressly or by implication, to the CTC, or to this competition, in any advertising or other publicity release unless otherwise approved in advance and in writing by the Contracting Authority.

H.17 No Collusion
