Annex B	Basis of Payment

BEAN PLOT SEEDER

PART 1 - GENERAL INFORMATION

1. Requirement

The requirement is detailed under Article 2 of the resulting contract clauses

2. Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days of receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

3. Trade Agreements

The requirement is subject to the provisions of the North American Free Trade Agreement (NAFTA), and the Agreement on Internal Trade (AIT).

PART 2 - BIDDER INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2014-09-25) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

1.1 SACC Manual Clauses

B1000T (2007-11-30), Condition of Material

2. Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

3. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than ten (10) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

4. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Manitoba.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

PART 3 - BID PREPARATION INSTRUCTIONS

1. Bid Preparation Instructions

Canada requests that bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid (one hard copy)
Section II: Financial Bid (one hard copy)
Section III: Certifications (one hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and

-
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Technical Bid

In their technical bid, bidders should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with the Basis of Payment. The total amount of Applicable Taxes must be shown separately.

Section III: Certifications

Bidders must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

1.1 Technical Evaluation

1.1.1 Mandatory Technical Criteria

- a) Ability to perform the full scope of work as described in Annex A, Requirement.
- b) To clearly demonstrate compliance with the mandatory technical specifications, bidders MUST respond with complete specifications and/or descriptive literature of the equipment being offered.

The complete specifications and/or descriptive literature should be submitted with the proposal but may be submitted afterwards. If the complete specifications and/or literature are not submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

- c) Provision of pricing as detailed in Annex B, Basis of Payment.

1.2 Financial Evaluation

SACC Manual Clause A0220T (2014-06-26), Evaluation of Price - Bid

2. Basis of Selection

- 2.1** A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications and associated information to be awarded a contract.

The certifications provided by bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default in carrying out any of its obligations under the Contract, if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority may render the bid non-responsive or constitute a default under the Contract.

1. Certifications Required Precedent to Contract Award

1.1 Integrity Provisions - Associated Information

By submitting a bid, the Bidder certifies that the Bidder and its Affiliates are in compliance with the provisions as stated in Section 01 Integrity Provisions - Bid of Standard Instructions 2003. The associated information required within the Integrity Provisions will assist Canada in confirming that the certifications are true.

1.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list (http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml) available from Employment and Social Development Canada (ESDC) - Labour's website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.

PART 6 - RESULTING CONTRACT CLAUSES

1. Security Requirement

There is no security requirement applicable to this Contract.

2. Requirement

The Contractor must provide the items detailed under the "Requirement" at Annex "A".

3. Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual*(<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

3.1 General Conditions

2010A (2014-09-25), General Conditions - Goods (Medium Complexity), apply to and form part of the Contract.

4. Term of Contract

4.1 Delivery Date

All the deliverables must be received on or before March 31, 2015.

5. Authorities

5.1 Contracting Authority

The Contracting Authority for the Contract is:

Name: Leah Desrochers
Title: Supply Specialist
Public Works and Government Services Canada
Acquisitions Branch
100-167 Lombard Avenue
Winnipeg, MB R3B 0T6

Telephone: (204) 984-8872
Facsimile: (204) 983-7796
E-mail: leah.desrochers@pwgsc-tpsgc.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

5.2 Project Authority

Solicitation No. - N° de l'invitation
01634-150152

Amd. No. - N° de la modif.

Buyer ID - Id de l'acheteur
wpg018

Client Ref. No. - N° de réf. du client
01634-150152

File No. - N° du dossier
WPG-4-37137

CCC No./N° CCC - FMS No./N° VME

The Project Authority for the Contract is:

To be Determined

The Project Authority is the representative of the department or agency for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Project Authority, however the Project Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

5.3 Contractor's Representative

Name: _____

Address: _____

Telephone: _____

Facsimile: _____

E-mail: _____

6. Payment

6.1 Basis of Payment

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid a firm price, as specified in Annex B, Basis of Payment for a cost of \$ _____ (insert the amount at contract award). Customs duties are included and Applicable Taxes are extra.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work, unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

6.2 Limitation of Price

SACC Manual clause C6000C (2011-05-16) Limitation of Price

6.3 Single Payment

SACC Manual clause H1000C (2008-05-12), Single Payment

7. Invoicing Instructions

The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions. Invoices cannot be submitted until all work identified in the invoice is completed.

8. Certifications

The continuous compliance with the certifications provided by the Contractor in its bid and the ongoing cooperation in providing associated information are conditions of the Contract. Certifications are subject to verification by Canada during the entire period of the Contract. If the Contractor does not comply with any certification, fails to provide the associated information, or if it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, pursuant to the default provision of the Contract, to terminate the Contract for default.

9. Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Manitoba.

10. Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- a) the Articles of Agreement;
- b) the general conditions 2010A (2014-09-25), Goods – Medium Complexity;
- c) Annex A, Requirement;
- d) Appendix A1, Mandatory Technical Specifications Matrix
- e) Annex B, Basis of Payment;
- f) the Contractor's bid dated **TBD**.

11. SACC Manual Clauses

B7500C	Excess Goods	2006-06-16
G1005C	Insurance	2008-05-12

ANNEX "A"

REQUIREMENT

Agriculture & Agri-Food Canada, Morden Research Centre requires the supply and delivery of one (1) Self Propelled Dry Bean Plot Seeder for the bean breeding program in Morden.

The bean breeding program in Morden conducts bean (dry bean and soybean) germplasm and cultivar development and genetic research in southern Manitoba. A bean plot seeder is requested to plan yield trials and experiments in single rows or four rows of beans including large-seeded (cranberry and kidney beans), small-seeded (navy and black bean) and soybeans for research activities.

1. Mandatory Technical Specifications

Instructions

- 1.1 A complete list of the mandatory requirements are detailed in Appendix A1, Mandatory Specifications Matrix. It is MANDATORY for Bidders to complete and submit Appendix A1, Mandatory Technical Specifications Matrix with their proposal.
- 1.2 To clearly demonstrate compliance with the mandatory technical specifications, bidders MUST respond with complete specifications and/or descriptive literature of the equipment being offered.
- 1.3 The complete specifications and/or descriptive literature should be submitted with the proposal but may be submitted afterwards. If the complete specifications and/or literature are not submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

**APPENDIX A1
MANDATORY TECHNICAL SPECIFICATIONS MATRIX**

Item	Description	Status	YES	NO	Bidder Response	Specifications are Cross Referenced with my technical data and/or brochure.	What is expected in your proposal
1	Part 1: GENERAL SPECIFICATIONS						
1.1	Existing Technology: The self-propelled seeder shall be new (not previously used for demonstration or loan) and be the most recent model available.	M					
1.2	Bidder must be an Authorized Value-added distributor for the manufacturer. Parts and after sales service must be available. Bidders should indicate the name of their nearest parts and service location in their bid document.	M					Provide detailed documentation and/or brochures with proposal
2	Part 2: TECHNICAL SPECIFICATIONS						
2.1	Fertilizer Applicator: Must have fertilizer applicator to apply fertilizers between seeding rows. This is to accommodate agronomy work.	M					
2.2	Steering: Orbital power steering – 180 degree type. Seeder must be able to turn around within 10 meters.	M					
2.3	Transmission and Engine: a) Independent hydraulic motor wheel. b) Hydraulic oil cooler	M					
	c) Engine Block Heater	M					
	d) Hydraulic levers for the operation of the tool bar	M					
	e) Speeds 0-6 mph continuously variable	M					
	f) Front wheel drive.	M					
	g) Minimum 35 hp liquid cooled diesel engine.	M					
	h) Electric Start	M					
	i) All controls must be at driver's station	M					
	j) The plot drill must have the following controls: Throttle control, oil temperature and water temperature gauges, hydraulic temperature gauge.	M					
	k) 2 stage air cleaner	M					
2.4	Drive Wheels: a) six (6) chevron design tires b) Tires must line up with seed discs	M					
		M					Provide detailed documentation and/or brochures with proposal

LEGEND: M=Mandatory; Failure to meet the mandatory requirements will result in your proposal being deemed non-responsive, and be given no further consideration in the evaluation process.

**APPENDIX A1
MANDATORY TECHNICAL SPECIFICATIONS MATRIX**

Item	Description	Status	YES	NO	Bidder Response	Specifications are Cross Referenced with my technical data and/or brochure.	What is expected in your proposal
	c) The 6 (six) tires are to be spaced at 30cm spacing for a total width of 1.8m.	M					
	d) Split hubs for easy removal or row adjustment.	M					
2.5	Head Lights: Minimum 5" halogen lights mounted on outer edges of the frame, 2 lights at the front and 2 lights at the rear.	M					
2.6	Openers: a) Six (6) Zero Till double disc.	M					
	b) Depth control wheel adjustable at 1/4" increments.	M					
	c) Disc scrapers	M					
	d) Spring down pressure.	M					
	e) Adjustable row spacing: range from 25 cm to 75 cm	M					
	f) Mounted on a rockshaft tool bar.	M					
	g) Compatible distribution system for fertilizer/microgranulate application will be mounted in front of the seed distribution system, with flexibility to be removed when not needed.	M					
2.7	Seed Metering Mechanisms: Splitter must be able to hold and evenly split a maximum of 400 large bean seeds at one time. This self-propelled plot drill will be used for planting dry bean seeds of varying size and shape. The shape ranges from round for small seeded cultivars (100-seed weight = 20 grams) to oval and elongated for medium and large seeded cultivars (100-seed weight = 35 to 55 grams). The six-row, self-propelled seeder will be used for planting both narrow-row (row spacing = 25 cm between each of the four rows) and wide-row (row spacing = 75 cm between each of the four rows) research plots of approximately 5 m in length.	M					
	a) 6 belted seed cones complete with "Adjustable Speed Drives".	M					
	b) Adjustable row length from 2 meters to 10 meters.	M					

Provide detailed documentation and/or brochures with proposal

LEGEND: M=Mandatory; Failure to meet the mandatory requirements will result in your proposal being deemed non-responsive, and be given no further consideration in the evaluation process.

APPENDIX A1
MANDATORY TECHNICAL SPECIFICATIONS MATRIX

Item	Description	Status	YES	NO	Bidder Response	Specifications are Cross Referenced with my technical data and/or brochure.	What is expected in your proposal
	c) Automatic slope compensation.	M					
	d) Seed cups, splitter, hoses, and openers must be large enough to handle very large beans. Dimensions of a large bean seed are approximately 2 cm x 1 cm (length x width).	M					
	e) Seed cups must be able to handle up to 400 bean seeds of this size.	M					
	f) Foot operated mechanism to raise and lower seed cone cups.	M					
	g) Automatic trip mechanism adjustable to trip cones at a preset row length.	M					
	h) Four (4) row gravity seed splitter complete with mirror.	M					
2.8	Row Markers: Hydraulic controlled from driver's station. Work in combination with disc up and down hydraulic control. Quick release hydraulic connectors. Adjustable width 1 - 1.8 m. Spike type with spring down pressure.	M					
2.90	Packer Wheels: Six (6) 3" triple rib tires. They will be spaced at 30 cm (6 Rows x 30cm) for a total width of 1.8 m.	M					
2.10	Seats and Accessories: Front - Single adjustable seat for driver with adjustable arm rests. 2 - 12 volt power outlets Back - 2 Single seats with back rest for technicians.	M					Provide detailed documentation and/or brochures with proposal
2.11	Machine Dimensions: No larger than 4.7m long x 1.75m wide x 2.65m high. This is to fit on our trailing units.	M					
2.12	Ground Drive System: Automatic clutch to engage and disengage zero max drives when openers are lowered or raised. Joystick/lever operation for driving forwards, backwards and for lifting and lowering discs.	M					
2.13	Weather Protection: a) Fully enclosed interior lined cab	M					
	b) Heater and air conditioning	M					
	c) Carbon air filter	M					
	d) Back door entrance for people seeding and side door for driver.	M					

LEGEND: M=Mandatory; Failure to meet the mandatory requirements will result in your proposal being deemed non-responsive, and be given no further consideration in the evaluation process.

APPENDIX A1
MANDATORY TECHNICAL SPECIFICATIONS MATRIX

Item	Description	Status	YES	NO	Bidder Response	Specifications are Cross Referenced with my technical data and/or brochure:	What is expected in your proposal
	e) Windows on all sides so that drivers and seeding technicians have good views over the seeding plots; Tinted glass.	M					Provide detailed documentation and/or brochures with proposal
2.14	Safety Accessories: Fire extinguisher. Slow-moving vehicle sign at the back of the seeder.	M					Provide detailed documentation and/or brochures with proposal
2.15	Supply two (2) complete sets of service & parts manual	M					Confirm your commitment to this requirement
2.16	Supply one (1) set of owners manual	M					Confirm your commitment to this requirement
2.17	Acceptance: The Equipment must be fully operational and subject to inspection and satisfaction by AAFC - Morden Research Centre.	M					Confirm your commitment to this requirement
2.18	Supply and Delivery to include all necessary components to provide a 100% turn-key system.	M					Provide detailed documentation and/or brochures with proposal
2.19	Standard One (1) year warranty agreement (including parts and labour) and on-site service for AAFC Morden Research Centre in Morden, Manitoba.	M					Provide detailed documentation and/or brochures with proposal

LEGEND: M=Mandatory; Failure to meet the mandatory requirements will result in your proposal being deemed non-responsive, and be given no further consideration in the evaluation process.
