## **Amendment 5**

This amendment is issued to answer a question from a bidder and replace the Bid and Acceptance Form and “Annex D – Bid and Acceptance Form – Price Form”.

**This amendment supersedes Amendment 3.**

### **A. Questions**

- Q10.** There is one contradictory item in the amendments. In Amendment 1, Answer 3 states “No the contractor is not required to pave the roadways.” but the unit price tables include asphalt. This is seasonal item that will not be able to be completed this season. Is this going to work to have a seasonal deficiency for this project?
- A10.** Contractors are not required to install asphalt paving on the road surfaces above the culverts. These costs were erroneously identified in the unit price table. Surfaces above the culverts can be formed using compacted road gravel or an equivalent material to form a temporary surface. This change is reflected in this amendment.

### **B. Revisions**

As follows:

**This Bid Acceptance Form and Annex D must be completed and submitted in order for a bid to be deemed compliant.**

**All other terms and conditions remain unchanged.**
