

## Question et réponse # 1 / Question & Answer # 1

### Demande de propositions / 10140695 / Request for Proposals

#### Location de bureaux mobiles et d'aires d'entreposage pour les événements et les programmes de Patrimoine canadien

#### Office and Storage Space Rental for Canadian Heritage Events and Programs

Note : Les questions sont fournies dans la langue utilisée par l'entrepreneur. Les réponses sont fournies dans les deux langues officielles.

Note: Questions are provided in the language used by the contractor. Answers are provided in both official languages.

#### QUESTION 1:

Annex A, Section 3.1 it states: "The Contractor shall also show flexibility in fitting-up certain units (e.g. moving certain exterior doors from the side specified to the opposite side, or providing straight stairs at certain designated locations)."

I just want to clarify this is a requirement before the unit is to be delivered and not while the unit has been installed. Any major adjustments on-site like that will be subject to an additional charge which we will have to account for in our proposal. Please let me know what this is referring to.

#### RÉPONSE 1 :

Effectivement, lorsqu'il est question du positionnement des portes, des partitions internes ou du type d'escaliers, ce sont des besoins qui seront identifiés avant la livraison de l'unité.

#### ANSWER 1:

Indeed, positioning of doors, inside partition specifications and types of stairs will be identified prior to delivery.
