This amendment 001 is being raised to incorporate the following information into Solicitation No. 5P421-150182/A:

Amendment:

1. Extend the closing date to on or before November 20, 2014, 02:00 PM (MST).

Question & Answer

1. Are spruce and pine the only species allowed to be used or can other species be used as well?

Answer: All wood must be cleaned and seasoned pine or spruce. No other species will be accepted.

2. Can you define "free of pine beetle infestation"? Are trees that were attacked 6-8 years ago allowed to be used as there are no bugs left in them or eggs, most of the bark has fallen off and are an excellent source of firewood?

Answer: We have no way of monitoring if the wood is of the age specified, so we will accept any wood that is free of pine beetles, eggs or larva.

3. Can the wood be fire killed if there is no "soot" or burnt fibre in the firewood?

Answer: Yes, as long as the wood is soot free and bark free.

All other terms and conditions of the solicitation remain the same.
