PART 1 - GENERAL INFORMATION

1.1 Requirement

Correctional Services of Canada, Beaver Creek Institution, Gravenhurst Ontario, requires one (1) ergonomically designed portable (compact) diagnostic Ultrasound System that has at minimum the following uses:

- Abdominal
- Small parts
- Urological
- Breast
- Musculoskeletal
- FAST

1.2 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

1.3 Trade Agreements

The requirement is subject to the provisions of:

Agreement on Internal Trade (AIT)
North America Free Trade Agreement (NAFTA)
Canada-Panama Free Trade Agreement
Canada-Colombia Free Trade Agreement
Canada-Peru Free Trade Agreement (CPFTA)

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2014-09-25) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

2.2 Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than ten (10) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

Canada requests that bidders provide their bid in separately bound sections as follows:

Section I: Financial Bid (1 hard copy)

Section II: Certifications (1 hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process [Policy on Green Procurement](http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Financial Bid

Bidders must submit their financial bid in accordance with the Basis of Payment. The total amount of Applicable Taxes must be shown separately.

3.1.1 Exchange Rate Fluctuation

[C3011T](#) (2013-11-06), Exchange Rate Fluctuation

Section II: Certifications

Bidders must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

4.1.2 Mandatory Financial Criteria

To be responsive the Bidder must:

- 1) Provide Firm Unit prices for **all** items listed in Annex A – Basis of Payment.
- 2) Not alter the format of the Basis of Payment in Annex A.

4.1.3 Financial Evaluation

The price of the bid will be evaluated in Canadian dollars, the Harmonized Sales Tax excluded, Delivered Duty Paid, Canadian Customs Duties and Excise Taxes included.

The Bidder's Firm Unit Price will be multiplied by the quantity to calculate the extended Firm Unit Pricing. The extended Firm Unit Pricing will be added to calculate the Bidder's total evaluated price.

4.2 Basis of Selection

A bid must comply with all requirements of the bid solicitation to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications and associated information to be awarded a contract.

The certifications provided by bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default in carrying out any of its obligations under the Contract, if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority may render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Precedent to Contract Award

The certifications listed below should be completed and submitted with the bid, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to comply with the request of the Contracting Authority and to provide the certifications within the time frame provided will render the bid non-responsive.

5.1.1 Integrity Provisions - Associated Information

By submitting a bid, the Bidder certifies that the Bidder and its Affiliates are in compliance with the provisions as stated in Section 01 Integrity Provisions - Bid of Standard Instructions 2003. The associated information required within the Integrity Provisions will assist Canada in confirming that the certifications are true.

5.1.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list (http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml) available from Employment and Social Development Canada (ESDC) - Labour's website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.

PART 6 - RESULTING CONTRACT CLAUSES

The following clauses and conditions apply to and form part of any contract resulting from the bid solicitation.

6.1 Security Requirements

6.1.1 There is no security requirement applicable to this Contract.

6.2 Requirement

Correctional Services of Canada, Beaver Creek Institution, Gravenhurst Ontario, requires one (1) ergonomically designed portable (compact) diagnostic Ultrasound System that has at minimum the following uses:

- Abdominal
- Small parts
- Urological
- Breast
- Musculoskeletal
- FAST

6.3 Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

6.3.1 General Conditions

[2010A](#) (2014-09-25), General Conditions - Goods (Medium Complexity), apply to and form part of the Contract.

6.3.2 Supplemental General Conditions

4003 (2010-08-16), Licensed Software, apply to and form part of the Contract

4004 (2013-04-25), Maintenance and Support Services for Licensed Software, apply to and form part of the Contract

6.4 Term of Contract

6.4.1 Delivery Date

All the deliverables must be received on or before March 31, 2015.

6.4.2 Shipping Instructions - FOB Destination and DDP

Incoterms 2000 "DDP Delivered Duty Paid" Correctional Services Canada, Beaver Creek Medium Institution, Gravenhurst, Ontario.

6.5 Authorities

6.5.1 Contracting Authority

The Contracting Authority for the Contract is:

Name: Marta Porter
Title: Supply Specialist
Public Works and Government Services Canada
Acquisitions Branch
Address: 86 Clarence Street, 2nd Floor
Kingston ON., K7L 1X3
Telephone: 613-547-7587
Facsimile: 613-545-8067
E-mail address: marta.porter@pwgsc.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

6.5.2 Technical Authority

The Technical Authority for the Contract is: ***(To be filled in at time of Contract Award)***

Name: _____
Title: _____
Organization: _____
Address: _____

Telephone : _____
Facsimile: _____
E-mail address: _____

The Technical Authority is the representative of the department or agency for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Technical Authority, however the Technical Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

6.5.3 Contractor's Representative ***(To be filled in by the Bidder)***

Name: _____
Title: _____
Organization: _____
Address: _____

Telephone : _____
Facsimile: _____
E-mail address: _____

6.7 Payment

6.7.1 Basis of Payment

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid a firm Unit price, as specified in Annex B- Basis of Payment for a cost of \$ _____ (*insert the amount at contract award*). Customs duties are included, and Applicable Taxes are extra.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work, unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

6.7.2 Limitation of Price

SACC Manual clause C6000C (2011-05-16) Limitation of Price

6.7.3 Single Payment

SACC Manual clause H1000C (2008-05-12), Single Payment

6.8 Invoicing Instructions

- 1 The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions. Invoices cannot be submitted until all work identified in the invoice is completed.
2. Invoices must be distributed as follows:
 - a. The original and one (1) copy must be forwarded to the address shown on page 1 of the Contract for certification and payment.

6.9 Certifications

6.9.1 Compliance

The continuous compliance with the certifications provided by the Contractor in its bid and the ongoing cooperation in providing associated information are conditions of the Contract. Certifications are subject to verification by Canada during the entire period of the Contract. If the Contractor does not comply with any certification, fails to provide the associated information, or if it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, pursuant to the default provision of the Contract, to terminate the Contract for default.

6.10 Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

6.11 Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

6.12 SACC Manual Clauses

B1501C (2006-06-16), Electrical Equipment

ANNEX "A"

REQUIREMENT

Section 1: System Description

Following specifications are intended as a generic description of an ergonomically designed portable (compact) diagnostic Ultrasound System that has at minimum the following uses:

- Abdominal
- Small parts
- Urological
- Breast
- Musculoskeletal
- FAST

Section 2: MINIMUM MANDATORY SPECIFICATIONS

2.0 The system must be capable of upgrading software and transducers to be used for the following examinations:

- Obstetrical/gynaecological
- Vascular (ie. Carotids, DVTs)
- Cardiac

2.1 The system must be capable of both adult and pediatric examinations and at the minimum meet the general specifications as listed in this document.

2.2 Dimensions and Weight

- Width: No greater than 16 inches (35.5cm)
- Depth: No greater than 16.0 inches (39.2cm)
- Height: No greater than 4 inches (7.35cm)
- Weight: No greater than 15 lbs (6.5kg)

(Above dimensions include batteries to unit but not the power adaptor and transformers as required.)

2.3 Electrical Power Requirements

- AC adapter input : 100-240 V, Frequency 50/60 Hz, Input current 1.5-0.6A
- AC adapter output: 12V, with output current of 10A
- Battery must be Lithium-ion operational battery life, under continuous use without AC, must be between 45-60 minutes at minimum
- All electrical items must be CSA C22.2 No. 601.1 approved

2.4 User Interface

Control Panel

- Alphanumeric Keys
- Functional Keys
- Ergonomic key operations
- Backlight keys

-
- 8 segment TGC
 - Power/battery indicator
 - Blank keys for user defined functions
 - Trackball with sensitivity and colour adjustment
 - Brightness adjustment
 - Integrated speakers and audio volume adjustment

Display Screen

- 15 inch (36.75cm)
- High resolution colour
- Display size 1024X 768 minimal
- Min display 256 levels
- Have tissue specific imaging presets
- Brightness adjustment
- Screen saver setting adjustment

Inputs and Outputs

- Minimum one probe port, connecting to a probe or the probe extension module
- One I/O port to connect I/O extension module
- Power input port which connects to the power adaptor
- Min 2 USB ports
- 1 S-Video separate video output for image signal output
- Must be able to connect to the Internet

ECG Module

- ECG lead port
- I/O port to connect I/O module

Mobile Cart

- Weight: No more than 97 lbs (44kg)
- Height: No more than 25 inches
- Depth: (including handle) No more than 24 inches (58.8cm)
- Height: No higher than 55 inches
- Cart must have a minimum of four locking wheels or casters.
- Quick release tray for Ultrasound main unit
- Integrated transducer holders, minimum of two

Travel Case

- Must weigh no more than 18 lbs empty
- Must be able to accommodate the main system, power adaptor, minimum three transducers, one gel bottle
- Must be on rollers to allow for easy transport

General User Interface

- Synchronous navigation with on-screen instructions
- Screen saver mode: probe emission is turned off and screen saver launched
- Thumbnail pictures to assist in recognizing and organizing during the live scanning
- Soft keys as shortcuts for easy system menu access and active parameter access

-
- Report edit and preview functions
 - Backlit Keys
 - User Account Management Tool
 - Task Management tool

Available Scanning Methods

- Must include as a minimum Electronic Convex, electronic linear with slant scanning and trapezoid function, electronic sector

Probe Types

- Must include the availability of use with Linear array, phased array, convex array transducers

Imaging Modes

- B,M, Colour, Colour Power angio, PW, CW, Panoramic, TDI, Colour M(CM) freehand 3D imaging

Display Modes

- B/C/D triplex modes
- Dual live B/C, B/TDI
- Adjustable 2D/time line display format
- Single window
- Dual and Quad split windows
- Cineloop image review
- High Resolution LCD Display with automatic ambient light compensation

Special Hardware Inclusions

- Internal slot load CD/DVD RW drive
- Must be DICOM Capable

Section 3: System Configuration

3.0 Software

Standard:

- High resolution 15 inch LCD Display
- PW
- HPRF
- Colour Doppler flow imaging
- Tissue Harmonic imaging
- Trapezoid imaging
- 80-160G integrated hard disc
- Multilanguage screen display and control panel overlay
- Abdominal package (including related exam mode, comments, measurements, body marks and report)
- Small parts package (including related exam mode, comments, measurements, body marks and report)
- Urological package (including related exam mode, comments, measurements, body marks and report)DICOM basic function module (to include: task management, DICOM Storage, DICOM print, DICOM Media Storage(including directory), etc.)

- DICOM print, store and storage commitment with DICM Reader saved onto media

Optional Requirement: Unit must have capability to add the following at later date as an upgrade with appropriate transducers.

- Obs/Gyn package (including related exam mode, comments, body marks and report)
- Cardiac package (including related exam mode, comments, body marks and report)
- Vascular package (including related exam mode, comments, body marks and report)

Section 4: Probe Specifications

4.0 C5-1

- Curved array
- 160-128 elements high density
- 5-1 MHz extended operating frequency range
- 2D steerable PW Doppler, High PRF and colour Doppler, Colour power Angio, multi-variate harmonic imaging
- General purpose abdomen, Obs/Gyn applications

4.1 L12-3

- Broadband linear array
- Fine pitch, high resolution array, 160 elements
- 12-3 MHz extended operating frequency Range
- 2D steerable PW, High PRF and colour Doppler, colour power angio with multi-variate harmonic imaging
- Vascular, small parts, musculoskeletal applications

Section 5: Maintenance and Serviceability

Installation, Training and Support:

- On-site installation by March 31/2015 and operational training must be conducted by a qualified person and provided for at least 2 attendees of CSC by March 31/2015. All labour and travel costs must be included in the price.

Service Contract

A 3 year Service Contract must be provided after the warranty expires which includes:

- labour, travel and accommodation expenses for the service technician.
- service availability during normal business hours including:
 - Scheduled maintenance: wherein ordinary repairs and adjustments arising from normal usage of the equipment will be done as well as a compliance review of the equipment, and cleaning and alignment of the equipment, as the manufacturer deems reasonably necessary for the functioning of the equipment.
