Delete: 60 days
Insert: 90 days

2.2 Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

2.3 Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPS, offerors must provide the information required below before the issuance of a standing offer. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of offers is completed, Canada will inform the Offeror of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the offer non-responsive.

Definitions

For the purposes of this clause,

"former public servant" is any former member of a department as defined in the [Financial Administration Act](#) R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or

- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the [Public Service Superannuation Act](#) (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the [Supplementary Retirement Benefits Act](#), R.S., 1985, c. S-24 as it affects the FPS . It does not include pensions payable pursuant to the [Canadian Forces Superannuation Act](#), R.S., 1985, c. C-17, the [Defence Services Pension Continuation Act](#), 1970, c. D-3, the [Royal Canadian Mounted Police Pension Continuation Act](#) , 1970, c. R-10, and the [Royal Canadian Mounted Police Superannuation Act](#), R.S., 1985, c. R-11, the [Members of Parliament Retiring Allowances Act](#) , R.S. 1985, c. M-5, and that portion of pension payable to the [Canada Pension Plan Act](#), R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Offeror a FPS in receipt of a pension? **YES () NO ()**

If so, the Offeror must provide the following information, for all FPS in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Offerors agree that the successful Offeror's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with [Contracting Policy Notice: 2012-2](#) and the [Guidelines on the Proactive Disclosure of Contracts](#).

Work Force Reduction Program

Is the Offeror a FPS who received a lump sum payment pursuant to the terms of a work force reduction program? **YES () NO ()**

If so, the Offeror must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;

- f. period of lump sum payment including start date, end date and number of weeks;

-
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force reduction program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including the Goods and Services Tax or Harmonized Sales Tax.

2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than ten (10) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

ANNEX "A"

STATEMENT OF WORK

1. BACKGROUND

1.1 The Department of National Defence (DND) is dependent on the timely and professional delivery of a Tactical Driver's course for its military personnel preparing for deployment and maintaining a high readiness capability. All military personnel designated to perform driving duties within a selected team are required to receive proper training on this skill in a controlled and licensed environment. With the influx of updated techniques utilized on operational deployments the number of trained military personnel current in these practices will change due to postings and skill fade.

1.2 Due to the unique environment military personnel are employed in, there is a need for team members to be trained in the use of various tactical driving practices. Considering the precautions and safety limitations that are required to administer this degree of training, all military personnel indicated for a position within a deployable team should be offered the opportunity to participate in subject training.

2. REQUIREMENT

2.1 The contractor must provide the theoretical and practical Tactical Driver training on an "as and when" required basis. The contractor must provide all the required facilities resources and instructors for tactical driver training. The Tactical Driver's Course will allow deploying military personnel to receive the necessary skills set required during deployed operations.

2.2 On an "as and when required basis", the contractor must be prepared to deliver the Tactical Driver's Course identified in this statement of work (SOW). DND will provide a minimum of thirty (30) calendar days notice to the contractor when submitting requests for training.

3. TASKS

The contractor must provide training for a minimum of fifteen (15) Canadian Forces (CF) Military Members to a maximum of twenty (20) military members on 4 day course meeting the following minimum criteria:

3.1 Training Objectives

- 3.1.1 Classroom instruction to include but not limited to "Drive beyond normal limits";
- 3.1.2 Practicable robust application must include but not limited to:
 - 3.1.2.1 Hook up, tow and or push disabled vehicle on/off track; and
 - 3.1.2.2 Driving manual and automatic vehicles to include:
 - a. small/midsize car;
 - b. high center gravity SUV; and
 - c. high center gravity pick-up truck.

- 3.1.3 Evasive evacuation maneuvers to include one and two car "J" and "Y" turns with a minimum of three successful attempts per student;
- 3.1.4 Evasive "pitting" and "ramming" maneuvers with a minimum of three successful attempts per student;
- 3.1.5 Driving under "low light" and "no light" conditions. (Night Vision Goggles (NVG's) will be provided by users for this iteration);
- 3.1.6 Transition from paved to dirt roads (or similar) and vice versa. Drivers must display a competent ability to complete this tasking prior to moving onto scenario based confirmation of abilities on last day;
- 3.1.7 Operating a vehicle equipped with anti lock breaking systems (ABS) and without
- 3.1.8 Operating a vehicle under slippery/wet driving conditions;
- 3.1.9 Emergency driving maneuvers and practices when faced with a disabled and non-compliant driver (simulated death);
- 3.1.10 Conventional and acceptable driving practices under extreme congested environments; and
- 3.1.11 Second/Third vehicle emergency "blocking" techniques.

3.2 Training Aids to be Provided:

3.3 Training Scenarios

Scenarios based on two and three vehicles. Close protection (CPP) tactics do not apply to our methods of operating as most of the time we are operating in two/three vehicles with the package being in the middle or rear vehicle. In two vehicles if the rear vehicle is being pursued by a hostile then the lead and rear vehicle will swap positions. Contracted venue will be provided with any changes to previously discussed drills, operating procedures (TTP's) and practices by an identified member of the training audience on the first day of training allowing sufficient time to adjust scenarios and setting.

- 3.3.1 Scenario Settings to Include:
 - 3.3.1.1 Track to be as crowded as possible (within expected norms of budgetary constraints) to simulate working in an urban area where not all vehicles and pedestrians are indicated as a threat;
 - 3.3.1.2 Traversal of the track using both manual and automatic transmission vehicles in previously identified vehicle weight class;
 - 3.3.1.3 Candidates will drive with the intention to blend into traffic while we move from point A to point B until encountering a threat. Once a threat is identified drivers will perform utilizing instructed and practiced controlled aggressive driving techniques.
 - 3.3.1.4 "Force on Force" application utilizing small arms simmunition. (Pistol and or C8 equivalent).

3.3.1.5 Rear vehicle, which has the package, is being aggressively pursued and the front vehicle has to drop back and provide blocking techniques

3.3.1.6 Road block front, passable with rear vehicle running and lead vehicle down requiring push through (contact with fire and contact no fire (Simulated improvised explosive device (IED))

3.3.1.7 Road block front, passable with all vehicles running requiring push through

3.3.1.8 Road block front requiring ramming techniques (vehicles running)

3.3.1.9 Road block front, non-passable. Vehicles running utilizing reverse out techniques.

3.3.1.10 Contact left, right, front and rear. Vehicles running.

3.3.1.11 Aggressive no life threatening role players operating additional vehicles requiring non-aggressive driving actions

3.3.1.12 Scenario's designed for vehicle commandeering and movement from location.
