You have the option of raising issues or concerns regarding the solicitation, or the award resulting from it, with the OPO by contacting them by telephone at 1-866-734-5169 or by e-mail at boa-opo@boa.opo.gc.ca. You can also obtain more information on the OPO services available to you at their website at www.opo-boa.gc.ca.

PART 2 - BIDDER INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) Manual issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, certifications, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The SACC Manual clause 2003 (2014-09-25) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 1.4 and 1.5 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, does not form part of and not apply to the bid solicitation. All other subsections of « 01 Integrity Provisions – Bid », form part of and apply to the bid solicitation.

2. Submission of Bids

Subsection 5.2 d. of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

REMOVE: send its bid only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit specified on page 1 of the bid solicitation or to the address specified in the bid solicitation. The facsimile number and related instructions for bids transmitted by facsimile are provided on page 1;

INSERT: send its bid only to Correctional Service of Canada (CSC) Bids Office specified on page 1 of the bid solicitation or to the address specified in the bid solicitation. The facsimile number and related instructions for bids transmitted by facsimile are provided on page 1.

Bids must be submitted only to CSC by the date, time and place indicated on page 1 of the bid solicitation.

Due to the nature of the bid solicitation, bids transmitted by facsimile or email to CSC will not be accepted.

The following information shall be written on the bid envelope:

- Bid number
- Name of the Contracting and Procurement Regional Officer
- Closing Date

3. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than three (3) business days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

4. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Quebec.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

PART 3 - BID PREPARATION INSTRUCTIONS

1. Bid Preparation Instructions

CSC requests that bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid: **three (3) hard copies**

Section II: Financial Bid: **one (1) hard copy**

Section III: Certifications: **one (1) hard copy**

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Bidders are requested to submit their Financial Bid in an envelope separate from their technical proposal.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process [Policy on Green Procurement](http://www.tpsgc-pwpsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html) (<http://www.tpsgc-pwpsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders are encouraged to:

- i. use paper containing fibre certified as originating from a sustainably-managed forest and/or containing minimum 30% recycled content; and
- ii. use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

2. Section I: Technical Bid

In their technical bid, bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements (see annex D). Bidders should demonstrate their capability in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that bidders address and present topics in the order of the evaluation criteria (annex D) under the same headings. To avoid duplication, bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

3. Section II: Financial Bid

Bidders must submit their financial bid in accordance with the pricing schedule detailed in **Annex B - Basis of Payment**. The total amount of Goods and Services Tax (GST) or Harmonized Sales Tax (HST) must be shown separately, if applicable.

See Annex B – Basis of Payment for the Pricing Schedule format (if applicable).

3.1 Exchange Rate Fluctuation

SACC Manual clause C3011T (2013-11-06) - Exchange Rate Fluctuation

4. Section III: Certifications

Bidders must submit the certifications required under **Part 5 - Certifications**.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

- (b) An evaluation team composed of representatives of CSC will evaluate the bids.

1.1 Technical Evaluation

1.1.1 Mandatory Technical Criteria

Proposals will be evaluated to determine if they meet all mandatory requirements outlined in **Annex D – Evaluation Criteria**. Proposals not meeting all mandatory criteria will be declared non-responsive and will be given no further consideration.

1.2 Financial Evaluation

SACC Manual Clause A0220T (2014-06-26), Evaluation of Price - Bid

Proposals containing a financial bid other than the one requested at **Article 3. Section II: Financial Bid of PART 3 – BID PREPARATION INSTRUCTIONS** will be declared non-compliant.

Note to Bidders: Table Totals will be calculated using the formula that follows the corresponding table in **Annex B – Basis of Payment**.

Pricing Review

Bidders are advised that a review of the proposed pricing may be required by Canada. Detailed supporting data may be requested by Canada to verify the proposed rates and other charges.

In the event of an error in extension or addition of prices, the unit price will prevail.

2. Basis of Selection

The contract will be awarded to the responsive bid with the total bid price will be the lowest. Please note that for the purposes of evaluation, the total bid price will be calculated by adding the fixed hourly rates for the duration of the contract and option years. In case of a tie at the lowest total price between bidders, the contract will be awarded to the tenderer with the most experience according to **Mandatory Technical Criteria « O4 »** in Canada (according to the curriculum vitae).

The awarding of the contract is conditional on meeting the budget ceiling established for this contract.

3. Security Requirement

3.1 Before award of a contract, the following conditions must be met:

- 3.2 Bidders are reminded to obtain the required security clearance promptly. Any delay in the award of a contract to allow the successful bidder to obtain the required clearance will be at the entire discretion of the Contracting Authority.
- 3.3 For additional information on security requirements, bidders should consult the "[Security Requirements for PWGSC Bid Solicitations - Instructions for Bidders](http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html#a31)" (<http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html#a31>) document on the Departmental Standard Procurement Documents Website.

The Bidder must provide a letter from an insurance broker or an insurance company licensed to operate in Canada stating that the Bidder, if awarded a contract as a result of the bid solicitation, can be insured in accordance with the Insurance Requirements specified in clause 11 of Part 6, Resulting Contract Clauses.

If the information is not provided in the bid, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. ANNEX A – STATEMENT OF WORK

CSC is seeking a contractor that specializes in group and individual intervention with the capacity to provide intervention services to federal offenders presenting various needs. The Contractor shall be required to intervene with offenders presenting sex offender problems and problems related to substance abuse, general or family violence, or structured criminal behaviour.

The Contractor must demonstrate expertise in the capacity to assess this risk and to provide a structured intervention program in a group or individual setting.

The work shall include the following:

1.1 Background

In April 2014, CSC implemented an entirely new correctional program model in Quebec. The **Integrated Correctional Program Model (ICPM)** is considered the new generation of correctional programs. Through this program model, the specific needs and risks of offenders are targeted on an ongoing basis, but the program's multi-target streams also target offender needs and risks in a more general manner under one and the same program. Since the majority of federally sentenced offenders have needs in more than one domain, the integrated, multi-target nature of ICPM programs gives offenders a deeper understanding of the link between their multiple, personal risk factors and how to apply the same skills to successfully manage these risks.

The sixth organizational priority of the CSC is to maintain productive relationships with our various partners involved in public safety. Hence, CSC provides an opportunity for contractors to offer their services to deliver this new program to our clientele.

1.2 Objectives

The Contractor will be required to deliver the following national correctional programs: the Community Program (for offenders who have never participated in a program in an institution) and the Maintenance Program.

The Community Program consists of seventeen (17) sessions, or twenty-one (21) sessions for sex offenders, based on a minimum of two (2) sessions per week, with up to four (4) sessions per week, depending on the offender's schedule. These sessions are offered in a group setting. Under exceptional circumstances, they can be done on an individual basis if the number of participants is insufficient and with the approval of the Community Program Officer.

The Maintenance Program consists of twelve (12) sessions, with one (1) session offered per week. Additional cycles may be added and the frequency shall be established based on the offender's needs.

These programs are preceded by an initial interview and pre-tests. Groups may be comprised of up to ten (10) people.

1.3 Tasks

As requested by CSC, the Contractor shall offer CSC's national correctional programs. Moreover, the Contractor shall agree to comply with CSC's national standards regarding correctional programs. CSC agrees to provide all updates related to these standards.

CSC shall provide the Contractor or its employees with the training required to offer the requested programs. The teaching material will be distributed to the Contractor prior to training. The Community Program and Maintenance Program training lasts two (2) weeks. One additional week for specific training to deal with sex offenders, as well as three (3) additional days devoted to the actuarial tools used with sex offenders, are provided for a total training period of three (3) weeks and three (3) days.

The Contractor shall agree to participate in this training at the earliest possible opportunity.

PROGRAM IMPLEMENTATION PHASE

As part of the **program implementation phase**, CSC shall pay travel costs of up to \$200 per training day per participant (meals and accommodations) required to participate in the training, payable upon receipt of the invoices. A maximum of three (3) employees, including the Contractor, shall be trained during the implementation phase. **Note that the participants will not receive payment during the training.**

Moreover, the Contractor shall assume any travel costs (meals and accommodations) incurred to participate in the training, due to replacement of an employee or other reasons.

Following the training, participants must complete a certification process. This process shall include, among other things, filming delivery of some of the program sessions.

The Contractor shall carry out the following activities:

1.3.1 Preparation process, comprised of the following (two (2) hours):

- ✓ reading of offender's file;
- ✓ initial intake interview or transition interview, as required;
- ✓ tests to be filled out during the candidate's admission (pre-test);
- ✓ case discussion with the Case Management Team (CMT);
- ✓ drafting objectives;
- ✓ compiling CSC performance measures (pre-tests) in the CSC computer system (OMSR), if the Contractor is granted access, and the GPPM following the second session.

1.3.2 Group program delivery, comprised of the following (four (4) hours):

- ✓ Maximum of one (1) hour allotted to prepare each group, including the reading of notes and session preparation;
- ✓ Maximum of two (2) hours allotted for group delivery;
- ✓ Maximum of one (1) hour allotted to produce brief casework records and clinical discussions if necessary.

1.3.3 Preparation of abbreviated reports:

- ✓ Maximum of two (2) hours allotted to produce abbreviated or interim reports.

1.3.4 Preparation of the end-of-cycle or final report:

- ✓ Maximum of three (3) hours allotted to produce final reports, including post-tests.

1.3.5 Other activities including:

- ✓ Individual support or rescheduled missed session meetings, as required, with prior authorization from the Community Program Manager (maximum one (1) hour);
- ✓ Meetings requested by CSC;
- ✓ Development and training as requested by the Community Program Manager in accordance with a prior financial agreement.

SERVICE SCHEDULE:

The programs apply to ongoing admissions. The Contractor shall not interrupt services for a period exceeding four (4) weeks. Hence, the Contractor shall assign a replacement who meets the mandatory criteria set out in Appendix D.

The contractor must be able to provide evening and/or daytime programs, according to CSC specifications. The work schedule shall facilitate offender participation. The programs must be offered between 8:00 a.m. and 9:00 p.m., Monday to Thursday, and between 8:00 a.m. and 4:00 p.m. on Friday.

CASE REFERRAL:

Case referral will be done by the parole officer through a program application in the Offender Management System (OMS) at the Central Office in the District that will act as liaison with the Contractor.

CSC will provide the most up-to-date information available to the Contractor in writing, as set out in the *Privacy Act*, namely:

- ✓ Correctional Plan or Intake Assessment;
- ✓ Criminal Profile;
- ✓ Most recent Correctional Plan Progress Report completed;
- ✓ Most recent psychological and/or psychiatric assessment, if available;
- ✓ All relevant Community Assessments;
- ✓ PBC decision;
- ✓ Available program reports;
- ✓ All other relevant information.

CSC may provide the Contractor with access to the Offender Management System (OMS), in which case, the Contractor will have to search for the documentation required for their file and be able to forward all of its reports to CSC via secure email. CSC shall provide the training required for the Contractor to use the OMS, but the Contractor shall be responsible for the training time.

CASE CONFERENCE:

The Contractor shall hold a case conference with the parole officer in the following circumstances:

- ✓ The release status is modified;
- ✓ The Program Officer refers the offender;
- ✓ The offender quits the program;
- ✓ The Program Officer believes that other measures would be better suited to the offender's needs;
- ✓ Any circumstance suggesting that the offender could compromise their own safety or that of other individuals;
- ✓ Any indication that the offender is in breach of their conditions or presents an increased risk;
- ✓ Any other situation deemed relevant by the parole officer or Contractor.

The Contractor shall notify CSC within twenty-four (24) working hours following a program session of any incident, tardiness or absence involving a participant who was referred by CSC.

ASSESSMENT INTERVIEW:

For all cases referred by CSC, prior to participating in group sessions, a minimum of one individual session will be held to assess the referred offender and to administer the series of tests required to begin the program, as outlined in the Program Facilitator Manual that will be issued during the initial training.

The **Community Program** lasts seventeen (17) sessions, with two (2) sessions offered per week. Four (4) additional sessions will be added for sex offenders, for a total of twenty-one (21) sessions.

The **Maintenance Program** lasts twelve (12) sessions, with one (1) session offered per week. There may be fewer sessions if it is not the first cycle.

In the event that an offender misses a group session, a **make-up session** (individual or in a group if several offenders miss the same session) must be offered to them before the next group session. A maximum of one (1) hour will be paid for this make-up session.

In addition to their group participation, individual sessions can also be offered to offenders who have difficulty with integration, responsivity or any other problem that increases the risk the offender presents. However, these individual sessions require prior authorization from the Community Program Manager.

The Contractor shall also be responsible for compiling pre-test and post-test data. These documents shall be sent to CSC for inclusion in the offender's file. It is mandatory that the Contractor enter these data in the CSC computer system as soon as access is granted to the Contractor.

The programs offered by the Contractor shall automatically terminate upon expiration of the offender's warrant, suspension and/or revocation of release, if the offender moves to a city far from the region in which the Contractor's premises are located, or in the event of the offender's hospitalization, disappearance, arrest or even death.

1.4 Deliverables

The Contractor shall provide CSC with abbreviated reports, end-of-cycle reports or final reports.

The Contractor shall submit the program reports to CSC in the offender's preferred official language (English or French).

ABBREVIATED REPORT, END-OF-CYCLE REPORT OR FINAL REPORT:

The Contractor agrees to submit a performance report for each participant:

- ✓ Within eight (8) working days following completion of the program;
- ✓ In accordance with CSC standards and requirements;
- ✓ The report content shall cover all of the points indicated in the national program standards;
- ✓ The post-tests shall be compiled in accordance with standards and, providing the Contractor has access, the results shall be entered in CSC's computer system;
- ✓ A report is required as soon as an offender has participated in at least one session;
