

**Question 6:**

I would like some clarification provided for #6 under section 1.6.

Are there any specific areas of innovative initiatives CMHC is looking for? IE; providing advice on innovative technologies/products, etc...

**Answer 6:**

No. CMHC welcomes innovative ideas in all areas whether it's in new technology, reporting, inspection processes, progress advancing, etc. These innovative ideas or solutions may assist in improving the current processes, provide efficiencies, cost savings or describe different ways of achieving the requirements.
