Amendment 002

This amendment is raised in order to clarify Mandatory Technical Criteria M.2 and to address questions received as of December 23, 2014:

A) Clarification:

i) At Part 4, 4.1.1.1 Mandatory Technical Criteria, M.2 Experience of the Firm,

Delete: The two (2) projects must have been completed since January 1, 2012.

Insert: The two (2) projects must have been completed on or after January 1, 2012, and by the closing date of this solicitation.

ii) At Annex C, M.2 Experience of the Firm,

Delete: The two (2) projects must have been completed since January 1, 2012.

Insert: The two (2) projects must have been completed on or after January 1, 2012, and by the closing date of this solicitation.

B) Questions:

Question 2: Is it OK to provide more than 2 project examples in the relevant experience section?

Answer 2: Bidders may provide more than two (2) project samples; however, if more than two (2) project samples are submitted, the Bidder must clearly identify which projects are to be considered for evaluation purposes. If the Bidder does not clearly identify which projects are to be considered for evaluation purposes, the first two (2) project samples will be evaluated. No more than two (2) project samples will be considered for evaluation purposes.

Question 3: One of our project examples is a campaign that is just starting – and will not be complete by the time we respond to this proposal. Our client is very happy to provide a letter of reference indicating their satisfaction with our performance. Is it OK to include this example?

Answer 3: No. As stated in M.2, the two (2) projects must have been completed on or after January 1, 2012, and by the closing date of this solicitation.

Question 4: Could you please clarify the following requirement:

The two (2) projects must have been completed since January 1, 2012

Les deux (2) projets doivent être achevés depuis le 1er janvier 2012.

What do you mean by "completed / achevés"?

Should have they been developed and implemented before January 1, 2012? Could have they been developed before and implemented after January 1, 2012? Should have they been developed and implemented after January 1, 2012 ?
