

AMENDMENT 1

Project Title: Tree Cutting Services
Central Experimental Farm (CEF)
Ottawa (Ontario)

Solicitation No: 14-2029

December 22, 2014

Amendment 1 is raised to do the following:

- Answer questions from bidders (Q&A).
-

Q&A

Q1. Can the Working Foreman be a Forestry Engineer?

A1. Yes, the minimum required certification for this requirement is a Certified Forestry Technician. Higher level certifications are acceptable as long as they are forestry certifications from a recognized Canadian university.

Q2. Is it possible to recuperate the wood from the cutting of the trees?

A2. No. As specified in Appendix B "Statement of Work", articles 3.4 and 3.5, all debris must remain on the CEF property at indicated locations, all wood generated by the work remains the property of AAFC and no wood must be given or made available to any.

Q3. Would a professional diploma in forestry be acceptable?

A3. Only if it comes from a recognized Canadian college or university.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
