FOR TASK-BASED INFORMATICS PROFESSIONAL SERVICES (TBIPS)****REQUIRED BY****DEPARTMENT OF CANADIAN HERITAGE****AMENDMENT NO. 3**

This amendment is raised to answer Bidders' questions.

**1 BIDDERS' QUESTIONS:**

<b>Question No.</b>	<b>Question</b>	<b>Response</b>
1	A.6 Programmer S/W Developer Level 3 (CRM) – Mandatory requirement M2. M2 – requires at least ten (10) years with “enterprise level” development projects. Given that some CRM projects are not necessarily deployed across an entire enterprise and so could not be counted against years of experience despite being fully relevant, will the Crown please amend M2 to require “at least ten (10) years of overall programming experience, of which at least seven (7) must have been with enterprise level information system development projects.”	No! This criteria remains unchanged.
2	We have the following question regarding the solicitation in the subject line: Canada changed the reference requirement in Amendment 2 to read: “A project reference consists of the following: * Name and phone number of client reference <b>(2 names and telephones of client reference);...</b> ” Question and Answer 1 of Amendment 2, however, specifies that two references are required only in the instance that we use larger, 2 year projects to comply with Programmer/Software Developer Level 3 (CRM) (M3). Please confirm that two references are only to be provided in this specific instance where a larger project is used to demonstrate compliance with Programmer/Software Developer Level 3 (CRM) (M3) and that two references are NOT required for every project presented for all proposed resources in the solicitation.	Yes! (only for Programmer/Software Developer, CRM Level 3).
