This is a refresh of the RFSO D1120-14-8003.

The Public Service Commission (PSC) recently completed a Request for Standing Offer (RFSO) process for Test Scoring Services for In Basket Assessment Tools seeking to establish up to six (6) Standing Offers for Stream A – French and up to ten (10) Standing Offers for Stream B – English.

There were no Standing Offers awarded for Stream A – French and one (1) Standing Offer has been awarded for Stream B – English. The PSC has since reassessed its requirement for Test Scoring Services for In Basket Assessment Tools and concluded that there is still a need to award up to six (6) Standing Offers for Stream A – French and up to nine (9) additional Standing Offers for Stream B – English. The goal of this RFSO is to establish a secondary rotational list (the “B” list) for Test Scoring Services for In Basket Assessment Tools.

For each Work request, the Project Authority will select the highest-ranked Standing Offer Holder on the primary rotational list established by RFSO D1120-14-8003 (the “A” list), according to the following criteria: Order on the List, Status of the Proposed Resource, Operational Requirements and Availability. Each qualified Standing Offer Holder on the “A” list will be offered the Work (on a rotational basis), and should there be no qualified or available Standing Offer Holders on the “A” list, then the Project Authority will select the highest-ranked Standing Offer Holder on the rotational “B” list.

Bidders who were awarded a Standing Offer under RFSO D1120-14-8003 will not be considered for this request D1120-14-8003/B.

The Bidder must include a completed Appendix “G” – Basis of Payment in its financial proposal.

The price of the bid will be evaluated in Canadian dollars, the Harmonized Sales Tax, Goods and Services Tax, Quebec Sales Tax or Provincial Sales Tax excluded.

The bids that meet the minimum score as set out in section 3 – Rated Requirements above will then be evaluated based on the financial evaluation of the prices/rates proposed in Appendix “G” – Basis of Payment. Should the Bidder submit different prices/rates for each of its compliant proposed resources, the average of the Bidder’s proposed all-inclusive rates will be used for items 01 & 02. A Bid Evaluation Value (BEV), which will be used for evaluation purposes only, will be calculated as follows (using the Bidder’s offered prices in Appendix “G” – Basis of Payment):

Bid Evaluation Value (BEV) = (Bidder’s proposed Firm all-inclusive rate for item 01 x10) + (Bidder’s proposed Firm all-inclusive rate for item 02)

5. Basis of Selection – Lowest Price-per-Point

To be declared responsive, a bid must:

- a) comply with all the requirements of the RFSO;
- b) meet all mandatory evaluation criteria; and
- c) obtain the required minimum of points for the technical evaluation criteria which are subject to point rating.

Bids not meeting (a) or (b) or (c) will be declared non-responsive. Neither the responsive bid that receives the highest number of points nor the one that proposed the lowest price will necessarily be accepted. The responsive bids with the lowest evaluated price per point will be recommended for issuance of Standing Offer, as outlined below.

The PSC will award up to six (6) Standing Offers for Stream A – French and up to nine (9) Standing Offers for Stream B - English. The recommendations for award will be determined using the evaluated cost-per-point methodology and by ranking responsive Bidders from lowest to highest evaluated cost-per-point. Fully responsive Bidders with lower costs-per-point will be ranked higher on the Standing Offer list(s).

Should there be multiple proposals having identical cost-per points and identical technical scores, the PSC will rank the Bidders with the highest points in the following priority order: 1) RR4, 2) RR2, 3) RR3, 4) RR1.

Example:

Both Bidder A and Bidder B meet parts a), b), and c) above and have therefore been declared responsive.

If Bidder A has a Bid Evaluation Value (BEV) of \$1,600 and has 1,000 technical points, the cost-per-point of Bidder A will be $\$1,600 / 1,000 = \1.60 .

If Bidder B has a BEV of \$1,000 and has 1,200 technical points, the cost-per-point of Bidder B will be $\$1,000 / 1,200 = \0.83 .

Bidder B has the lower cost-per-point and would be ranked higher on any resulting Standing Offer list.

PART 4 – CERTIFICATIONS

Bidders must provide the required certifications to be issued a Standing Offer. The PSC will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications Bidders provide to the PSC is subject to verification by the PSC during the bid evaluation period (before issuance of a Standing Offer) and after issuance of a Standing Offer. The PSC Standing Offer Authority will have the right to ask for additional information to verify the Bidders' compliance with the certifications before issuance of a Standing Offer. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the PSC Standing Offer Authority for additional information will also render the bid non-responsive.

1. Certifications Precedent to Issuance of a Standing Offer

The certifications listed below should be completed and submitted with the bid, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the PSC Standing Offer Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the PSC Standing Offer Authority and meet the requirements within that time period will render the bid non-responsive.

1.1 Federal Contractors Program for Employment Equity - Standing Offer Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list (http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml) available from Employment and Social Development Canada-Labour's website.

Canada will have the right to declare an offer non-responsive, or to set-aside a Standing Offer, if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of issuing of a Standing Offer or during the period of the Standing Offer.

PART 5 - STANDING OFFER AND RESULTING CONTRACT CLAUSES

A. STANDING OFFER

1. Bid

The Bidder offers to perform the Work in accordance with the Statement of Work at Appendix D.

2. Standard Clauses and Conditions

Appendices A, B, C, D, E, F, G, H, I, J, K, L and M are incorporated by reference into and form part of the Standing Offer or any resulting Call-up.

3. Period of Standing Offer

The period for making Call-ups against the Standing Offer is from the date of Standing Offer Authorization to January 31, 2016 inclusively.

If the Standing Offer is authorized for use beyond the initial period, the Bidder offers to extend its bid for an additional three (3) one-year period(s), under the same conditions and at the rates or prices specified in the Standing Offer, or at the rates or prices calculated in accordance with the formula specified in the Standing Offer.

The Bidder will be advised of the decision to authorize the use of the Standing Offer for an extended period by the Standing Offer Authority. A revision to the Standing Offer will be issued by the Standing Offer Authority.

4. Authorities

4.1 Standing Offer Authority

The Standing Offer Authority (*to be confirmed upon resulting Standing Offer*) for the Standing Offer is responsible for the establishment of the Standing Offer, its administration and its revision, if applicable. Upon the making of a Call-up, the Standing Offer Authority is responsible for any contractual issues relating to individual Call-ups made against the Standing Offer.

4.2 Project Authority

The Project Authority (*to be confirmed upon resulting Standing Offer*) for the Standing Offer is:

- identified in the Call-up against the Standing Offer.
- the representative of the Division for whom the Work will be carried out pursuant to a Call-up against the Standing Offer and is responsible for all the technical content of the Work under the resulting Call-up.

5. Call-up Procedures / Allocation of Work

For each Stream, the Work will be allocated on a rotational basis amongst Standing Offer Holders. A secondary rotation list (the "B" list) will be established and will be arranged in ascending order of cost per point and the Evaluation Procedures and Basis of Selection described in PART 3 – Evaluation Procedures and Basis of Selection.

The Bidder acknowledges that a Standing Offer is not a contract and that the issuance of a Standing Offer and Call-up Authority does not oblige or commit Canada to procure or contract for any goods, services or both listed in the Standing Offer.

Without restricting any other terms and conditions, any Work Authorization may be cancelled in whole or in part by the Project Authority by giving a verbal or written notice to the Standing Offer Holder.

If a proposed resource refuses work three (3) consecutive times without prior notification of unavailability, the PPC reserves the right to terminate the Standing Offer.

The work shall be allocated on the following basis:

- a) Order on the list;
- b) Status of the proposed resource;
- c) Operational requirements;
- d) Availability.

For the purposes of this RFSO, the above criteria are defined as follows:

- a) Order on the List
All proposed resources and firms that are successful at the selection stage and are chosen (determined by the cost-per-point evaluation, as described in Part 3, section 5 of this document) shall be placed on a list in ascending order of cost per point. The list will be used for rotation purposes when the work is allocated.
- b) Status of the Proposed Resource
Work will be allocated to fully trained and certified resources. Should the proposed resource fail to obtain/maintain their certification, the PPC reserves the right to terminate the Standing Offer.
- c) Operational Requirements
The service request may stipulate (in order to meet occupational standards or at the request of a client, for example, special campaigns focusing on candidates from a particular target group), that the Contractor be a woman, an Aboriginal, a person with disabilities, a member of a visible minority, or possess other characteristics.
- d) Availability
 - A given client or assessment process may require the delivery of the service for a specific period of time or on short notice, when the availability of the resource may affect the assignment of work.
 - If a higher ranked Standing Offer Holder meeting the criteria listed above is unable to provide the services in the prescribed timelines, the Project Authority may request the services of the next Standing Offer Holder on the list who meets the same criteria, and so on.

For each Work request, the Project Authority will select the highest-ranked Standing Offer Holder on the primary rotational list established from RFSO D1120-14-8003 (the “A” list) according to the following criteria: Order on the List, Status of the Proposed Resource, Operational Requirements and Availability. Each qualified Standing Offer Holder on the “A” list will be offered the Work (on a rotational basis), and should there be no qualified or available Standing Offer Holders on the “A” list, then the Project Authority will select the highest-ranked Standing Offer Holder on the rotational “B” list.

Work will be distributed in accordance with the above criteria and operational considerations, and will not be awarded on the basis of individual preferences.

The PSC will endeavour, to the extent possible, to distribute test scoring work evenly among the selected individuals on the list. However, given the nature of the work that is received from the PSC's clients, scorers' availability, schedules and other operational factors, the PSC cannot guarantee or promise that work will be distributed equally among the individuals on the list.

6. Call-up Instrument

The Project Authority will authorize work by phone or by email amongst Standing Offer Holders, based on the on the Call-up procedures listed above. Once the work has been carried out, the Standing Offer Holder will invoice the PSC for the services. Once approved by the Project Authority, a Call-up using form PWGSC-TPSGC 942, "Call-up against a Standing Offer", will be issued in accordance to the pre-authorize work and accepted invoice.

7. Limitation of Call-ups

Individual Call-ups against the Standing Offer must not exceed \$25,000 (Goods and Services Tax or Harmonized Sales Tax included).

7.1 Needs Exceeding the Allowable Limit of \$25,000 for Call-ups:

The Project Authority must submit proposals from the Bidder exceeding the \$25,000 limit to the Standing Offer Authorities. Individual Call-ups exceeding \$25,000 can only be authorized using a PWGSC-TPSGC 942 form, "Call-up against a Standing Offer", signed by the Standing Offer Authority, awarded BEFORE the work is authorized.

8. Priority of Documents

If there is a discrepancy between the wordings of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- 8.1 The Call-up against the Standing Offer, including any Appendixes;

9. Status and Availability of Resources

If for reasons beyond its control, the Bidder is unable to provide the services of an individual named in its bid, the Bidder may propose a substitute with similar qualifications and experience. The Bidder must advise the Standing Offer Authority of the reason for the substitution and provide the name, qualifications and experience of the proposed replacement. The Standing Offer Authority will provide its approval for the substitution prior to a call-up issuance.

If the Bidder is unable to provide a substitute with the equal or superior qualifications and experience, Canada may set aside the Standing Offer.

10. Closure of Government Offices

Where the Bidder's employees are providing services on government premises pursuant to any Call-up resulting from this Standing Offer and the premises become non-accessible due to evacuation or closure of government offices, and consequently no work is being performed as a result of the closure, the PSC will not be liable for payment to the Bidder for the period of closure.

3. Background

The PPC is an internationally-recognized leader in the personnel assessment field and offers a range of assessment tools and services to federal government departments and agencies. Clients use these tools to facilitate the selection process and to choose the right candidates to fill a position. The PPC’s test scoring operations are based in the National Capital Region (NCR). PPC psychologists and administrative staff are responsible for training, quality control of scoring activities and test distribution. The workload may vary during the year and scoring work may be distributed as required, depending on the demand for test scoring by PPC clients. The proposed resource acknowledges that the status of certified scorer is no guarantee that he/she will receive tests for scoring on a regular basis, but only that he/she will be included in the group of PPC-certified test scorers.

4. Historical Data

The following information is based on historical data from the last three years and represents the percentage of work assigned and the anticipated requirements. This information is provided for information only and is an approximation, made in good faith. The quantities indicated below include not only the number of exams scored, but also the number of exams rescore, which more accurately represents the overall scoring workload.

5. Training

The proposed resource will participate in training session including in-class session, scoring exercises and practice tests* (mandatory) per tool**, in order to be certified as a scorer, at the discretion of the PPC:

- Managerial In-Basket Exercise (810);
- Middle Manager In-Basket Exercise (820); and
- Other similar In-Basket exercises (such as Leadership Experience Text).

*The training session will be held in Gatineau between 8:00 a.m. and 4:00 p.m. Travel expenses will be the responsibility of the proposed resource. The Bidder will have 48 hours (2 working days) to confirm availability of the proposed resource(s) to the training.

**The tests may be reviewed or additional tests may be developed and subsequently added to the lists during the term of the Standing Offer. The Project Authority reserves the right to add modified or revised tools to the current list. Any such changes shall be made in accordance with Appendix G of the present RFSO.

The training sessions will involve the reading of documents, a presentation and discussions to enable the resource(s) to familiarize themselves with, and become proficient in, the test in question and the material contained in the scoring manual. The proposed resource(s) will also participate in the scoring exercises, as part of a group or alone (at the discretion of the PPC), and individual scoring of practices tests in order to standardize the scoring process among scorers. Proposed resource(s) who pass the certification program must demonstrate a good understanding of the texts that are written by the candidates and an ability to compare the answers accurately, objectively in a manner that is consistent with the rating criteria as they are described in the scoring manual. The proposed resource(s) will be compensated for their time while engaging in such activities (as indicated in Appendix G of this RFSO).

6. Certification Program

6.1 Certification

The proposed resource(s) shall obtain and maintain their scorer certification for each tool in order to score tests. Proposed resources that are selected must pass the training on the tool(s) in question and successfully complete the PPC scorer certification program consisting of two phases:

Phase I: In-Class Training Session and Practice Tests:

During this period, the proposed resource(s) will be given a scoring manual and related documentation for which they must familiarize themselves with the contents. They must also study all aspects of the rating guidelines that are explained in the manual. They will also complete individual and group exercises. Following in-class training sessions and exercises, the proposed resource(s) will receive, one at a time, at least three (3) practice tests (with a maximum of 4 tests) for each tool to score individually. The proposed resource(s) must return a scored test that will be verified by PPC psychologists, to ensure it meets the PPC's quality control standards. After each verification, the proposed resource(s) will receive feedback for the verified practice test. The proposed resource(s) must read the recommendations made and review the scored tests accordingly. Subsequent scoring must reflect the feedback, since these aspects will be checked during subsequent verifications. To successfully complete the first phase of the certification, the proposed resource(s) have to

successfully score 3 practice tests out of a maximum of 4 tests for each specific test version. In addition, the proposed resource(s) is expected to score each practice test promptly after reception of the material. Proposed resource(s) whose performance meets quality control standards will move on to the second training phase, i.e., scoring ten (10) current tests. Those whose performance in scoring a maximum of four (4) practice exams fails to meet quality control standards must immediately return all materials belonging to the PPC; consequently they will not proceed to the second training phase and will not be certified for the specific test version.

Phase II: Scoring of 1 current tests:

Following the successful completion Phase I, the proposed resource(s) will be allowed to score current tests, but quality control will be conducted on the first ten (10) tests in each version. The proposed resource(s) will be given the ten (10) tests in whole or in part and must comply with the PPC's seven-day (7) work submission deadline. Each test scored in this way will be verified by the quality control team, and the proposed resource(s) will receive a quality control report for each of the tests. The scoring on at least eight (8) of the ten (10) tests must be deemed "satisfactory" on the quality control report for the proposed resource(s) to successfully complete phase II. The quality control reports will be sent to the proposed resource(s) for them to read and examine the content of the points that are raised in the feedback and the relevant sections of the reviewed test to which they relate (as required), in order to understand those points. Afterward, they will have to contact the psychologist responsible for the quality control to receive feedback by phone or in person and incorporate these elements of feedback into their subsequent scoring work. Proposed resource(s) whose performance does not meet quality control standards during Phase II (or by the end of) will not be certified for this version of the test and must return all test materials to the PPC.

After successfully completing of phases I & II of the program, the proposed resource(s) will received an email confirming their certification status for a specific test. Consequently, the proposed resource(s) will be allowed to score this test independently.

Should the proposed resource be unsuccessful in either Phase I or Phase II of the certification program, the PPC reserves the right to terminate the Standing Offer.

6.2 Monitoring of Certified Scorers

Every month, PPC psychologists will check between 5% and 10% of the total number of each scorer's scored exams for the current month and will fill out feedback forms that will be given to each of the scorers. If an experienced scorer's work does not meet the quality control standards, a PPC psychologist will contact the scorer, inform him/her that at least 10% of their next workload will be monitored, and explain the reasons for the decision.

Following the feedback from the PPC psychologist regarding an unsatisfactory quality control report, the scorer must review and improve their scoring procedure in order to return to a satisfactory work level, i.e., that meets the PPC's quality standards. Scorers, who are given three (3) unsatisfactory quality control reports, will lose their certification for the test in question. The scorer must retain this status for a period set by the PPC, which may vary depending on the nature and severity of the scoring problems observed.

The PPC reserves the right to terminate the certification and/or the standing offer of any scorer whose performance does not meet established quality standards.

7. Test Scoring

The proposed resource(s) will score the tests that are received from the Project Authority on his premises or in some other PSC-approved workplace. The proposed resource(s) shall:

- a) Collect tests and rating sheets for scoring from the Project Authority, who will consult with the proposed resource to decide on a return date for the scored tests;
- b) Read the texts that are written and assess the consistency between these texts and the scoring standard, and detailed rating scales that are provided in the scoring manual;

- c) Assess the quality of the texts that are provided;
- d) Indicate the ratings for the texts provided on a rating form that is supplied by the PPC;
- e) Add up the ratings from each page of the rating form and transcribe the totals into the appropriate boxes on the rating form;
- f) Check whether the calculations were done correctly and in accordance with the criteria that are provided in the scoring manual;
- g) Return the scored test and the completed rating form to the Project Authority on or before the test return date set along with properly completed invoice; and
- h) By phone, email or in person, report any unusual situation (missing pages, text too short, illegible writing, etc) to the Project Authority and attach a sheet clearly summarizing the problem to the copy of the test (see Appendix I (C) - Scorer's Form: Reporting Specific PPC Test Issues).

8. Return of Tests and Scoring Forms

When the PPC gives a scorer a test for scoring, re-reading or revision following the evaluation performed by one of the quality-control psychologists, the scorer must send via courier services or hand in, in person, the test and signed and dated feedback form to the Project Authority within a maximum of 5 working days. In exceptional circumstances only, the PPC reserves the right to approve an alternate method for handing in tests, provided the measure is temporary and does not compromise the security of protected materials. The PPC can also decide to allow a scorer additional time if they have previously been given a large number of tests to score. If necessary, the scorer will be notified of the deadline and will have to agree to abide by it. Lastly, each time the scorer returns scored or re-read tests, the scorer will submit invoices to the Project Authority.

9. Rescores

As a certified scorer, the proposed resource will occasionally be called upon to rescore tests that have been scored by other scorers, whenever this activity is requested by the Project Authority. The work to be performed is similar to that related to initial test scoring activities, except that the scorer must also complete a feedback form that will indicate:

- a) any elements that were missed (unnoticed errors or answers not related to the behavioural measures on the standardized scoring sheet) by the initial scorer; and
- b) the first scorer's degree of adherence to the standard scoring criteria that are provided in the manual (Appendix I Quality control (B) - Rescore Report).

10. Quality Control

10.1. Overall Quality Control Requirements

In order to standardize test scoring, the scorer shall contact the PPC whenever scoring questions are raised. In order to do so in a timely manner, the proposed resource must be able to receive and send emails.

The quality of the scorer's work will be verified at regular intervals by a PPC psychologist. If, during such verification, the PPC psychologist determines that the work quality does not meet the quality control standards that have been set, the proposed resource will be notified. Work will then be monitored for a period that is set by the PPC and will have to return to a level that meets quality control standards before the proposed resource(s) is reinstated as a certified scorer. The PPC reserves the right to terminate the certification of any scorer whose level of performance does not meet the quality standards that are set (see section 10.2 for further details).

The proposed resource(s) must be available during the period immediately following the return of scored tests to answer any questions by a PPC officer or to receive feedback from the latter on his/her scoring work.

10.2. Specific Quality Control Requirements

A number of aspects of each scorer's work will be assessed by other experienced scorers and/or PPC psychologists. Appendix I (A) - Monitoring Reports, contains a full list of requirements, including, among other things, that answers be scored in accordance with the instructions that are provided in the scoring manual and that marks be transcribed onto, and calculated on, the pages of the scoring forms. When a quality control evaluation has been completed, the PPC returns the evaluated test and feedback form to the proposed resource(s), who shall review the rescored test while considering the feedback that is provided and incorporate the enclosed instructions into any subsequent scoring. In addition, the PPC psychologists shall, where necessary, meet with the scorers for quality control and/or feedback reasons.

In addition to maintaining a satisfactory quality standard in scoring tests, the proposed resource(s) must meet requirements pertaining to professional attitudes and behaviour, both in their exchanges with PPC employees and with other scorers. If a scorer demonstrates unprofessional behaviours or attitudes, the Project Authority will provide an initial verbal warning. If the scorer continues to display such behaviour, the Project Authority will send an official letter to the scorer concerned, in which it clearly describe the observed attitude or behaviour problem. Following receipt of the letter, the scorer has seven (7) days to return a duly signed copy of the letter to the PPC, attesting that he or she is aware of its content. If the problem persists, a final letter will be sent to the scorer explaining PPC's decision to terminate the scorer's certification. It should be noted that unprofessional conduct has rarely been observed among scorers, as an atmosphere of respect and courtesy predominates on the PPC scorers' team.

Here is a list of behaviours the PPC deems professional:

a) Receptiveness to feedback:

Even when the scorer disagrees with the PPC psychologist's proposed recommendations, the scorer seeks to understand the psychologist's point of view, presents arguments respectfully and complies with the standardized test scoring procedure.

b) Cooperation with other scorers:

During a test scoring procedure training or review session, the scorer seeks to establish a consensus as to the scoring method without showing disrespect for the proposals and opinions of other scorers.

c) Cooperation with PPC staff:

The scorer understands the operational requirements communicated by the PSC Staff and agrees to comply with the established test distribution and return procedure. For example, keeping tests in order in the envelopes, placing scored tests in the designated protected filing cabinet, etc.

11. Contact Between Parties

The businesses and/or individuals who are proposed on the list shall provide the PPC with a telephone number and an email address, where they can be reached most quickly in order to allocate work to them.

If a business is named on the list, the PPC will contact the business (and not the individuals who are proposed by the business) for all aspects related to work distribution. It is, therefore, the responsibility of the business to contact the individuals that it proposed to the PPC in terms of any schedules or special requests that may occur.

12. Time Limits for Scoring Work

When a proposed resource is contacted by the PPC, he/she shall have four (4) hours (during the PPC's working hours, i.e., between 8:00 a.m. and 4:00 p.m.) in which to accept or turn down the work. For example, if the PPC contacts the individual at 3:00 p.m., the latter will have until 11:00 the next morning to get back to the PPC. However, the PPC reserves the right, should an operational emergency arise, to assign the work to the first available person. If the first person called does not get back to the PPC within the time that is specified or turns down the work, the PPC may then

offer the work to another person on the list. Correspondingly, when a proposed resource does not get back to the PPC within the time that is specified or turns down the work, he/she will lose his/her turn in the distribution of the scoring work until the next rotation of the list.

Once the proposed resource has received their assigned work, they shall have five (5) working days, as determined in advance by the Project Authority, in which to complete the work and return it to the PPC.

13. Other Related Tasks

The Project authority may ask the proposed resource(s) to offer other services related to PPC activities in order to respond to needs that cannot be completely fulfilled by PPC employees. These services include, without limiting it to, the following functions:

- Research and statistical activities;
- Taking part to developmental modifications and up-to date activities related to measurement tools, related documentation, competency resource guides, etc;
- Taking part in project management; and
- Delivery of evaluation services related to accommodations measures, consultations, seminars, etc.

14. Roles and Responsibilities by the Parties

14.1. PPC

The PPC shall provide any individual who is selected with the documents and training necessary in order to score the test in question. The PPC shall provide each scorer with the coordinates of the Project Authority and the Contracting Authority in case the scorer needs to contact the PPC.

The PPC shall manage all aspects of test distribution and keep the tests in a location that is accessible to the scorers so that they can collect and return the tests in person or by courier services. To this end, the PPC will provide each scorer with an identification card to access the building containing the E-Testing and Test Administration offices. Throughout the certification program, the PPC will be responsible for providing feedback (as required) to scorers using feedback forms that are completed during a rescore or for quality control purposes. Such feedback may be given orally or/and in writing.

14.2. Proposed Resource(s)

The proposed resource(s) shall be responsible for finding premises where the test scoring work can be done, respecting the “Protected” designation of the test material and results, and informing a PPC officer of any loss or breach of confidentiality of the test material as soon as possible. Furthermore, the proposed resource(s) shall meet the schedules previously agreed-upon with the Project Authority and inform the latter of any exceptional circumstances preventing them from meeting these schedules. The proposed resource(s) shall inform the coordinator of any anticipated absence or leave at least (4) weeks in advance in order to facilitate the distribution of the tests for scoring.

The proposed resource(s) shall score the tests in accordance with the instructions that are contained in the scoring manual, rescore tests as required and, at the request of the PPC, complete feedback forms for other scorers. During the certification process, the proposed resource(s) shall read, examine and incorporate the content of the points that are raised in the feedback into their subsequent scoring work.

These schedules shall be communicated when the tests for scoring are distributed and shall be based on the number of tests involved and the urgency of the request. The proposed resource(s) shall return the scored tests, rescore tests when asked to do so, complete and submit feedback.

Therefore, consultants are responsible for all courier costs. Tests and material shall be sent in accordance with the rules for handling “Protected” material and the standards of the PPC.

Scorers have two options to return protected tests and related material either (1) hand delivered by the scorer or (2) by courier services.

01 Interpretation

In the Standing Offer, unless the context otherwise requires,

"Call-up" means an order issued by the Call-up Authority duly authorized to issue a Call-up against a particular Standing Offer. Issuance of a Call-up to the Bidder constitutes acceptance of its Bid and results in the creation of a contract between Her Majesty the Queen in right of Canada and the Bidder for the goods, services or both described in the Call-up;

"Canada", "Crown", "Her Majesty" or "the Government" means Her Majesty the Queen in right of Canada as represented by the Public Service Commission;

"Bidder" means the person or entity whose name appears on the signature page of the Standing Offer and who bids to provide goods, services or both to Canada under the Standing Offer;

"Standing Offer" means the written bid from the Bidder, the clauses and conditions, these general conditions, Appendixes and any other document specified or referred to as forming part of the Standing Offer;

"Standing Offer Authority" means the person designated as such in the Standing Offer, or by notice to the Bidder, to act as the representative of Canada in the management of the Standing Offer.

02 General

The Bidder acknowledges that a Standing Offer is not a contract and that the issuance of a Standing Offer and Call-up Authority does not oblige or commit Canada to procure or contract for any goods, services or both listed in the Standing Offer. The Bidder understands and agrees that Canada has the right to procure the goods, services or both specified in the Standing Offer by means of any other contract, Standing Offer or contracting method.

03 Standard Clauses and Conditions

Pursuant to the *Department of Public Works and Government Services Act*, S.C. 1996, c.16, the clauses and conditions identified in the Standing Offer by number, date and title are incorporated by reference and form part of the Standing Offer and any contract resulting from the Standing Offer as though expressly set out in the Standing Offer and resulting contract.

04 Bid

1. The Bidder offers to provide and deliver to Canada the goods, services or both described in the Standing Offer, in accordance with the pricing set out in the Standing Offer as and when the PSC may request such goods, services or both, in accordance with the conditions listed at sub-section 2 below.
2. The Bidder understands and agrees that:
 - (a) a Call-up against the Standing Offer will form a contract only for those goods, services, or both, which have been called-up, provided that such Call-up is made in accordance with the provisions of the Standing Offer;

- (b) Canada's liability is limited to that which arises from Call-ups against the Standing Offer made within the period specified in the Standing Offer;
- (c) the Standing Offer cannot be assigned or transferred in whole or in part;
- (d) the Standing Offer may be set aside by Canada at any time.

05 Call-ups

If applicable, the PSC will use the form specified in the Standing Offer to order goods, services or both. Goods, services or both may also be ordered by other methods such as telephone, facsimile or electronic means. With the exception of Call-ups paid for with a Government of Canada acquisition card (credit card), Call-ups made by telephone must be confirmed in writing on the document specified in the Standing Offer.

Call-ups against the Standing Offer paid for with the Government of Canada acquisition card (credit card) at point of sale must be accorded the same prices and conditions as any other Call-up.

06 Withdrawal

In the event that the Bidder wishes to withdraw the Standing Offer after authority to Call-up against the Standing Offer has been given, the Bidder must provide no less than thirty (30) days written notice to the Standing Offer Authority, unless specified otherwise in the Standing Offer. The thirty (30) day period will start upon receipt of the notification by the Standing Offer Authority and the withdrawal will be effective at the expiry of that period. The Bidder must fulfill any and all Call-ups which are made before the expiry of that period.

07 Revision

The period of the Standing Offer may only be extended, or its usage increased, by the Standing Offer Authority issuing a revision to the Standing Offer in writing.

08 Disclosure of Information

The Bidder agrees to the disclosure of its Standing Offer unit prices or rates by Canada, and further agrees that it will have no right to claim against Canada, the PSC, their employees, agents or servants, or any of them, in relation to such disclosure.

To comply with the [Code of Conduct for Procurement](#), Bidders must respond to Requests for Standing Offers (RFSOs) in an honest, fair and comprehensive manner, accurately reflect their capacity to satisfy the requirements stipulated in the RFSO and resulting contract, submit bids and enter into contracts only if they will fulfill all obligations of the contract.

To ensure fairness, openness and transparency in the bidding process, payment of a contingency fee by any party to a contract to a person to whom the *Lobbyists Registration Act*, R.S. 1985, c. 44 (4th Supplement) applies is prohibited.

By submitting a bid, the Bidder certifies that it meets the above requirements.

Bidders further understand that the commission of certain offences may render them ineligible to be awarded a contract. By submitting a bid, the Bidder declares that it has never been convicted of an offence under Section 121 (*Frauds on the government and Contractor subscribing to election fund*), Section 124 (Selling or Purchasing Office), Section 380 (*Fraud committed against Her Majesty*) or Section 418 (*Selling defective stores to Her Majesty*) of the Criminal Code of Canada, or under paragraph 80(1)(d) (*False entry, certificate or return*) subsection 80(2) (*Fraud against Her Majesty*) or Section 154.01 (*Fraud against Her Majesty*) of the *Financial Administration Act*.

01 Standard Instructions, Clauses and Conditions

Pursuant to the *Department of Public Works and Government Services Act*, S.C. 1996, c.16, the instructions, clauses and conditions identified in the RFSO, Standing Offer and resulting contract(s) by number, date and title are incorporated by reference into and form part of the RFSO, Standing Offer and resulting contract(s) as though expressly set out in the RFSO, the Standing Offer and the resulting contract(s).

02 Definition of Bidder

"Bidder" means the person or entity (or, in the case of a joint venture, the persons or entities) submitting a Standing Offer to bid goods, services or both under a Call-up resulting from a Standing Offer. It also includes the parent, subsidiaries or other affiliates of the Bidder, or its subcontractors.

03 Submission of Bids

1. Canada requires that each bid, at closing date and time or upon request from the Standing Offer Authority, be signed by the Bidder or by an authorized representative of the Bidder. If a bid is submitted by a joint venture, it must be in accordance with section 11.
2. It is the Bidder's responsibility to:
 - (a) obtain clarification of the requirements contained in the RFSO, if necessary, before submitting a bid;
 - (b) prepare its bid in accordance with the instructions contained in the RFSO;
 - (c) submit by closing date and time a complete bid;
 - (d) send its bid only to the PSC as specified on page 1 of the RFSO or to the address specified in the RFSO;
 - (e) ensure that the Bidder's name, return address, and RFSO number are clearly visible on the envelope or the parcel(s) containing the bid; and,
 - (f) provide a comprehensible and sufficiently detailed bid, including all requested pricing details, that will permit a complete evaluation in accordance with the criteria set out in the RFSO.
3. If Canada has provided Bidders with multiple formats of a document (for example, a document may be downloaded through the Government Electronic Tendering Service (GETS) but may also be made available on CD-ROM through GETS), the format downloaded through GETS will take precedence. If Canada posts an amendment to the RFSO revising any documents provided to Bidders in multiple formats, Canada will not necessarily update all formats to reflect these revisions. It is the Bidder's responsibility to ensure that revisions made through any RFSO amendment issued through GETS are taken into account in the alternate formats it uses of RFSO documents.
4. Bids will remain open for acceptance for a period of not less than ninety (90) days from the closing date of the RFSO, unless specified otherwise in the RFSO. Canada reserves the right to seek an extension of the bid validity period from all responsive Bidders in writing. If the extension is accepted by all responsive Bidders, Canada will continue with the evaluation of the bids. If the extension is not accepted by all responsive Bidders, Canada will, at its sole discretion, either continue with the evaluation of the bids of those who have accepted the extension or cancel the RFSO.
5. Bids and supporting information may be submitted in either English or French.
6. Bids received on or before the stipulated RFSO closing date and time will become the property of Canada and will not be returned. All bids will be treated as confidential, subject to the provisions of the *Access to Information Act*, R.S. 1985, c. A-1 and the *Privacy Act*, R.S. 1985, c. P-21.
7. Unless specified otherwise in the RFSO, Canada will evaluate only the documentation provided with a Bidder's bid. Canada will not evaluate information such as references to Website addresses where additional information can be found, or technical manuals or brochures not submitted with the bid.

04 Late Bids

The PSC will return bids delivered after the stipulated RFSO closing date and time.

05 Legal Capacity

The Bidder must have the legal capacity to contract. If the Bidder is a sole proprietorship, a partnership or a corporate body, the Bidder must provide, if requested by the Standing Offer Authority, a statement and any requested supporting documentation indicating the laws under which it is registered or incorporated together with the registered or corporate name and place of business. This also applies to Bidders submitting a bid as a joint venture.

06 Rights of Canada

Canada reserves the right to:

- (a) reject any or all bids received in response to the RFSO;
- (b) enter into negotiations with Bidders on any or all aspects of their bids;
- (c) authorize for utilization any bid in whole or in part without negotiations;
- (d) cancel the RFSO at any time;
- (e) reissue the RFSO;
- (f) if no responsive bids are received and the requirement is not substantially modified, reissue the RFSO by inviting only the Bidders who submitted a bid to resubmit bids within a period designated by Canada; and,
- (g) negotiate with the sole responsive Bidder to ensure best value to Canada.

07 Vendor Performance

1. Other than has already been specified herein, Canada may reject a bid where any of the following circumstances is present:
 - (a) the Bidder, or any employee or subcontractor included as part of the bid, has been convicted under Section 121 (*Frauds on the government & Contractor subscribing to election fund*), Section 124 (*Selling or purchasing office*), Section 380 (*Fraud committed against Her Majesty*) or Section 418 (*Selling defective stores to Her Majesty*) of the Criminal Code or under paragraph 80(1)(d) (*False entry, certificate or return*) subsection 80(2) (*Fraud against Her Majesty*) or Section 154.01 (*Fraud against Her Majesty*) of the *Financial Administration Act*;
 - (b) the Bidder is subject to a Vendor Performance Corrective Measure, under the Vendor Performance Policy, which renders the Bidder ineligible to submit a bid for the requirement;
 - (c) an employee, or subcontractor included as part of the bid, is subject to a Vendor Performance Corrective Measure, under the Vendor Performance Policy, which would render that employee or subcontractor ineligible to submit a bid for the requirement, or the portion of the requirement the employee or subcontractor is to perform;
 - (d) with respect to current or prior transactions with the Government of Canada:
 - (i) the Bidder is bankrupt or where, for whatever reason, its activities are rendered inoperable for an extended period;
 - (ii) evidence, satisfactory to Canada, of fraud, bribery, fraudulent misrepresentation or failure to comply with any law protecting individuals against any manner of discrimination, has been received with respect to the Bidder, any of its employees or any subcontractor included as part of the bid;

- (iii) Canada has exercised its contractual remedies of suspension or termination for default with respect to a contract with the Bidder, any of its employees or any subcontractor included as part of the bid;
 - (iv) Canada determines that the Bidder's performance on other contracts, including the efficiency and workmanship as well as the extent to which the Bidder performed the Work in accordance with contractual clauses and conditions, is sufficiently poor to jeopardize the successful completion of the requirement being bid on.
2. Where Canada intends to reject a bid pursuant to a provision of subsection 1, other than 1.(b), the Standing Offer Authority will so inform the Bidder and provide the Bidder ten (10) days within which to make representations, before making a final decision on the bid rejection.

08 Price Justification

In the event that the Bidder's bid is the sole responsive bid received, the Bidder must provide, on Canada's request, one or more of the following price justifications:

- (a) a current published price list indicating the percentage discount available to Canada; or
- (b) a copy of paid invoices for the like quality and quantity of the goods, services or both sold to other customers; or
- (c) a price breakdown showing the cost of direct labour, direct materials, purchased items, engineering and plant overheads, general and administrative overhead, transportation, etc., and profit; or
- (d) price or rate certifications; or
- (e) any other supporting documentation as requested by Canada.

09 Bid Costs

No payment will be made for costs incurred in the preparation and submission of a bid in response to the RFSO. Costs associated with preparing and submitting a bid, as well as any costs incurred by the Bidder associated with the evaluation of the bid, are the sole responsibility of the Bidder.

10 Conduct of Evaluation

1. In conducting its evaluation of the bids, Canada may, but will have no obligation to, do the following:
- (a) seek clarification or verification from Bidders regarding any or all information provided by them with respect to the RFSO;
 - (b) contact any or all references supplied by Bidders to verify and validate any information submitted by them;
 - (c) request, before issuance of any Standing Offer, specific information with respect to Bidders' legal status;
 - (d) conduct a survey of Bidders' facilities and/or examine their technical, managerial, and financial capabilities to determine if they are adequate to meet the requirements of the RFSO;
 - (e) correct any error in the extended pricing of bids by using unit pricing and any error in quantities in bids to reflect the quantities stated in the RFSO; in the case of error in the extension of prices, the unit price will govern.
 - (f) verify any information provided by Bidders through independent research, use of any government resources or by contacting third parties;

- (g) interview, at the sole costs of Bidders, any Bidder and/or any or all of the resources proposed by Bidders to fulfill the requirement of the RFSO.

11 Joint Venture

1. A joint venture is an association of two or more parties who combine their money, property, knowledge, expertise or other resources in a single joint business enterprise, sometimes referred as a consortium, to submit a bid together on a requirement. Bidders who submit a bid as a joint venture must indicate clearly that it is a joint venture and provide the following information:
 - (a) the name of each member of the joint venture;
 - (b) the name of the representative of the joint venture, i.e. the member chosen by the other members to act on their behalf, if applicable;
 - (c) the name of the joint venture, if applicable.
2. If the information is not clearly provided in the bid, the Bidder must provide the information on request from the Standing Offer Authority.
3. The bid and any resulting Standing Offer must be signed by all the members of the joint venture unless one member has been appointed to act on behalf of all members of the joint venture. The Standing Offer Authority may, at any time, require each member of the joint venture to confirm that the representative has been appointed with full authority to act as its representative for the purposes of the RFSO and any resulting Standing Offer. If a Standing Offer is issued to a joint venture, all members of the joint venture will be jointly and severally or solidarity liable for the performance of any contract resulting from a Call-up against the Standing Offer.

12 Conflict of Interest - Unfair Advantage

1. In order to protect the integrity of the procurement process, Bidders are advised that Canada may reject a bid in the following circumstances:
 - (a) if the Bidder, any of its subcontractors, any of their respective employees or former employees was involved in any manner in the preparation of the RFSO;
 - (b) if the Bidder, any of its subcontractors, any of their respective employees or former employees had access to information related to the RFSO that was not available to other Bidders and that would, in Canada's opinion, give the Bidder an unfair advantage.
2. The experience acquired by an Bidder who is providing or has provided the goods and services described in the RFSO (or similar goods or services) will not, in itself, be considered by Canada as conferring an unfair advantage or creating a conflict of interest. This Bidder remains however subject to the criteria established above.
3. Where Canada intends to reject a bid under this section, the Standing Offer Authority will inform the Bidder and provide the Bidder an opportunity to make representations before making a final decision. Bidders who are in doubt about a particular situation should contact the Standing Offer Authority before the RFSO closing. By submitting a bid, the Bidder represents that it does not consider itself to be in conflict of interest nor to have an unfair advantage. The Bidder acknowledges that it is within Canada's sole discretion to determine whether a conflict of interest or unfair advantage exists.

13 Entire Requirement

The RFSO contains all the requirements relating to the solicitation. Any other information or documentation provided to or obtained by a Bidder from any source are not relevant. Bidders should not assume that practices used under previous contracts will continue, unless they are described in the RFSO. Bidders should also not assume that their existing capabilities meet the requirements of the RFSO simply because they have met previous requirements.

14 Further Information

For further information, Bidders may contact the Standing Offer Authority identified in the RFSO.

**APPENDIX “G”
Basis of Payment**

Solicitation No: _____ Bidder: _____

Name of proposed resource: _____

For a bid to be deemed financially responsive, the Bidder must propose a firm overall all-inclusive price for EACH point (including item 01 and the per diem rate for item 02) below, NONE of which may exceed the corresponding MAXIMUM overall all-inclusive price and the per diem rate specified below. Any financial bid which exceeds the maximum indicated herein or which does not propose a price for each item shall be deemed non responsive and shall automatically be rejected.

1. Payment Schedule for Specified Assessment Services

The Bidder proposes the following Payment Schedule for scoring the specified commonly used assessment tools (completing all applicable tasks specified in Appendix “D” Statement of Work) for the initial period and all optional periods of the Standing Offer. Proposed prices must not exceed the Maximum Firm All-inclusive price specified in the far right column.

Item	Assessment Tool	Bidder Proposed Firm All-inclusive Price per Test	Maximum Firm All-inclusive Price per Test
01	In-Basket Exercise (IBE)	____(insert price)____	\$90

N.B.: the time required to score a test is related to several factors, including the person’s experience in scoring tests, scoring rate and the length of both the answers provided by the candidate and the test itself. In general, an experienced scorer will take about 2 to 3 hours to score an In-Basket Exercise. The firm all-inclusive price per test includes test scoring and rescoring including the time spent completing feedback sheets during each rescore.

Additional or Revised Tests

The rates and charges for each activity are also applicable to additional or revised tests that are comparable. Consequently, the firm charge per test that is proposed by the Bidder will be used for additional or revised tests that are comparable.

2. Other Services per Diem Rate

The Bidder proposes the following firm all-inclusive per diem rate for other services not included in Items 01 for the initial period and all optional periods of the Standing Offer. A proposed per diem rate must not exceed the Maximum Firm All-inclusive per Diem Rate specified in the far right column.

Item	Other Services	Bidder Proposed Firm All-Inclusive Per Diem Rate	Maximum Firm All-Inclusive Per Diem Rate
02	Other Services not included in Item 01 (such as scoring a newly developed test, participating in pilot study as subject matter experts, etc.)	____(insert price)____	\$300

A proposed payment rate for Items 01 and 02 that exceeds the maximum specified will make the proposal non-compliant. The Bidder may offer less than the maximum payment and rate for Items 01 and 02.

Offered payment rates must be inclusive of all overhead, material, profit, payroll, administrative costs, and other costs except for GST/QST/PST/HST.

The Bidder should indicate which tax it will be charging the PSC:

Tax: (_____ %))

Definition of prorating a day:

A day is defined as 7.5 hours exclusive of meal breaks. Payment will be for days actually worked with no provision for annual leave, statutory holidays and sick leave. Time worked (“Days worked”, in the formula below) which is less than a day will be prorated to reflect actual time worked in accordance with the following formula:

$$\text{Days worked} = \text{Hours Worked} \text{ divided by } 7.5 \text{ hours per day}$$

3. Payment Schedule for Training Sessions

The following payment schedule will apply for training sessions of the durations specified for the Period of the Standing Offer, including option periods.

Item	Training Session and Practice Tests	Firm All-Inclusive Payment
04	Phase I: In-class training session and practice tests * - In-class training and scoring exercises: 30\$ per hour, for a maximum of \$300. - Completion of 4 practice tests: 135\$ per test, for a maximum of \$540.	\$840
05	Phase II: Scoring of current tests	\$90 per test scored
06	Other training sessions	\$30 per hour

*Proposed resources that do not fully complete Phase I of the certification program will be paid only for each activity completed, to a maximum of \$840.

The rates stated within this RFSO are subject to increase at anytime following Standing Offer award. Only the PSC can determine if the rates should be increased. In the event of a rate increase the changes shall be effected by a standing offer amendment and the rates proposed by the Bidder will be prorated accordingly.

4. Cancelling the Work Authorization

Without restricting any other terms and conditions, any Work Authorization may be cancelled in whole or in part by the Project Authority by giving a verbal or written notice to the Standing Offer Holder.
