**Title: Autoclave****Solicitation Amendment No. 002**

This solicitation is hereby amended to provide the following questions and answers:

**Q11. Reference: Technical Specification 42**

**From the specification text, we understand that the objective of this option (RO generation system) is to reduce scaling into the steam generator; such a system can meet this objective, but is substantially expensive and requires regular maintenance of the RO system. In addition, RO will produce highly corrosive steam which requires stainless steel piping & components to avoid premature corrosion. To our knowledge, only one manufacturer offers an RO system to reduce the scaling, while the others leading brands (Getinge, STERIS, etc) offer an Automatic Blowdown system to remove the scales left by city water in the steam boiler; this option is efficient, popular and has been installed in numerous Atlantic provinces accounts. The automatic Blowdown meets the specification objective, is cheaper than RO system, and is not proprietary to one manufacturer.**

**In order to open to competition, please confirm if we can offer an Automatic Blowdown system to meet the criteria #42, and be judged compliant to the objective.**

A11. The specifications required an RO unit and this must be supplied with the Autoclave to meet our requirements. An automatic blowdown dispenses boiling water down the sewer line. Unless the blowdown water is tempered before the drain, it would be against the code regulations. The RO unit is a requirement that was requested by the users.

If your bid has already been forwarded and you wish to revise same, this revision should be sent either in a sealed envelope and mailed to the above address or by facsimile (506) 851-6759 and reach the undersigned before the appropriate closing date. The solicitation number and the closing date are to be shown on the outside of the sealed envelope or on the facsimile transmission.

All other terms and conditions of the solicitation document remain unchanged.

All enquiries concerning this amendment are to be forwarded to:

Name: Charline MacDonald  
Telephone No.: (506) 851-6067  
Facsimile No: (506) 851-6759
