This solicitation amendment No. 001 is raised to publish questions and answers that have been received in relation to this solicitation.

The following Question and Answer has been provided:

Question:

What is meant by the term “auto” at Annex A, Item B12? The industry uses a switch to engage and to disengage the front and rear differential locks. We can use the switch again or simply tap the break to auto disengage.

Answer:

Must have front and rear differential locks in accordance with industry standard that can be turned on and off if and when required. Differential lock will lock all four corners (wheels) together.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
