Description of the requirement

The Regulatory Affairs Sector (RAS) of the Treasury Board of Canada Secretariat (TBS) is seeking the services of a contractor to assess the practices of a preselected group of three to four federal departments/agencies in order to: (1) establish a preliminary inventory of existing Performance-Based Regulations (PBR) within the preselected departments/agencies; (2) identify observable trends in adopting PBR or similar approaches to regulating; and (3) determine the common success factors in transitioning from prescriptive regulatory approaches to PBR.

Proposed period of contract

The proposed period of contract shall be from date of contract award to 28-Aug-2015.
