This amendment 002 is raised to provide a response to a supplier enquiry. The question and response are provided as follows:

Question: Please confirm that the clause B1501C Electrical Equipment: All electrical equipment supplied under the Contract must be certified or approved for use in accordance with the Canadian Electrical Code, Part 1, before delivery, by a certification organization accredited by the Standards Council of Canada. is still part of this RFP. If yes that mean any product offered without this certification will be rejected. Do we have to confirm it on our bid?

Response: All electrical equipment supplied under this Contract must be certified or approved for use in accordance with the Canadian Electrical Code, Part 1, before delivery, by a certification organization accredited by the Standards Council of Canada.

And certification should be confirmed in the bid.

All clauses and conditions remain unchanged.
