Amendment #1

Please see the following clarifications:

Question 1:

Equipment of this type needs on site Regular Maintenance and Emergency Service for proper operation during the operating life of the unit. I did not see any reference to a "Service Agreement" or pricing for Service on the tendered equipment. This item is very important in the overall cost of the equipment over the long term.

Please let me know if this may be a requirement for this RFP.

Answer 1:

Due to the security requirements of a service contract, there wasn't enough time in the current fiscal year to get them in place. It was decided to procure the equipment now and pursue a service contract for the equipment in the new fiscal year.

*All other term and conditions remain unchanged.
