- Revisions to the Solicitation document.

**QUESTIONS AND ANSWERS**

Q1.

For solicitation 21538-142432/A is it required to provide pricing on all items requested or may we provide for only items that we can supply?

A1.

Bidder is to supply all items requested as a single lump sum price as requested in the solicitation document.

Q2.

Annex A, page 12/17, point 6: Autorefractor/Keratometer need Industry Standard.

At this time, in Industry Standard CSA approve the wide measure range between -20 to +20 (by Health Canada) because -30 to +25 is completely useless when examine the human eye.

My question is: Up Industry Standard with CSA approval, Autorefractor/Keratometer with wide measure range -25 to +22 will be accept? If not, why.

A2.

The range -25 to +22 is acceptable. Refer to changes to the solicitation document as described below.

Q3.

After how many days after closing day you will award the contract?

A3.

---

We anticipate making an award within 5 to 7 days after bid closing. However this is an estimate only.

Q4.

On page 16/17: Please, clarify the delivery and installation date limit.

A4.

The end users require this requirement to maintain current service levels. These are the timelines that the end users are working with.
