Military Personnel Management Capability Transformation (MPMCT) Project

1) Purpose:

The purpose of this notice is to update industry on the status of the Department of National Defence's (DND) MPMCT Project including, but not limited to, DND's contemplated requirement for a Solution Integrator (SI) contractor.

2) MPMCT Project Status:

On June 17, 2014 the MPMCT Project received approval from Treasury Board (TB) for its next cycle of work. However, this TB approval came with a condition to consider alternate MPMCT Project implementation approaches. Please note that the MPMCT Project is currently developing a response to meet this TB condition. The MPMCT project is re-defining the SI requirement based on CIOB and TBS guidance with a goal of publishing RFI3 within the spring/summer 2015 timeframe.

When available, Canada contemplates publishing further MPMCT Project status updates via its Government Electronic Tendering Service (GETS) found at <https://buyandsell.gc.ca>.

3) Enquiries Regarding the MPMCT Requirement:

Canada has identified multiple individual procurement requirements under the MPMCT Project. A separate Contracting Authority (either DND or PWGSC, as applicable) has been designated as the procurement lead for each MPMCT Project procurement requirement. To ensure the integrity of the procurement process, all enquiries and other communications regarding each applicable MPMCT Project procurement requirement must henceforth only be directed to the indicated Contracting Authority, as follows:
