TRM Technologies Inc.	EN578-055605/358/EI
Turtle Technologies Inc. and SOMOS Consulting	EN578-055605/695/EI

Description of the requirement:

Canadian Heritage has a requirement for the above-mentioned categories of resources, with a single vendor, to assist in the design, implementation and closing of information systems projects that support the work of the department.

The following descriptions are brief outlines of the major initiatives underway and applicable to this requirement.

SAP Netweaver Business Warehouse (BW) Developer Initiative

The Departmental Financial and Materiel System in place at both Canadian Heritage (PCH) and Parks Canada Agency (PCA) is SAP version ECC 6.0 also internally known as STAR. SAP is a shared enterprise-wide system that was sanctioned by Treasury Board Secretariat as suitable for financial and materiel management within the Federal Government. That application has been in Production mode since 1998 at PCH and continues to evolve.

In addition, PCH has undertaken the implementation of the SAP Business Intelligence/Business Warehouse (BI/BW) Reporting Tool version 7.4 jointly with Agriculture Canada (AAFC) in a shared technical landscape (multi-tenant environment). As the BI functionality is a relatively new area of endeavor for the Federal Government of Canada, PCH will require the services of an experienced SAP BI/BW Consultant to primarily assist with data modeling, design and build of related queries.

Proposed period of contract:

The proposed period of contract shall be from award of contract to February 2015 to December 31, 2015.

File Number: 10141382

Contracting Authority: Sylvie Wegner

Phone Number: 819-997-2389

Fax Number: 819-953-4133

E-Mail: contrats-contracting@pch.gc.ca

NOTE: Task-Based Informatics Professional Services (TBIPS) Method of Supply is refreshed on an annual basis. If you wish to find out how you can be a “Qualified SA Holder”, please contact RCNMDAI.-NCRIMOS@pwgsc.gc.ca
