Amendment 003 is raised to answer the following questions:

Question 1:

In ANNEX “A” – Statement of requirement, 2.4. Rack Enclosure, Under FUNCTION, It says the rack must be able to contain equipment including servers, UPS system, remote management system, KVM , KMM and switches of the CCTV system and then (see RTP rack layout diagram). Can't see any layout diagram within or attached with the document. Please confirm.

Answer 1:

RTP rack layout diagram must be disregarded and has not been included as this is a goods only tender. Client shall install goods supplied

Question 2 :

In ANNEX “A” - Statement of requirement, 2.7.1. 48 Port Network Switch Under STATIC IP ADDRESSING, All the equipment on the network must be assigned a fixed IP address unless otherwise specified. This IP address should be noted in the table in “Appendix B-3 IP Address Scheme” and submitted to CBSA after completing the installation of the system. Please confirm about installation of the system.

Is onsite installation included with this tender? Or is it rack mounting of all components and programming prior to delivery? Appendix B-3 IP address scheme – not found with the document.

Answer 2:

Installation, rack mounting of components and programming is not required prior to delivery. Appendix B-3 IP scheme must be disregarded and has not been included as this is a goods only tender. Client will install goods supplied.

All other terms and conditions remain unchanged.
