Questions and Answers (suite)

Question #3

Can you please clarify if the \$300,000 listed within the RFP is the maximum based on the combined total of the Canadian Contractor, its Canadian subcontractors, **and** their Israeli partner(s) pricing? Or is the \$300,000 for the Canadian portion only?

Answer #3

The 300,000\$ is for the Canadian portion only.

Question #4

Additionally, once the contract has been awarded, will CSA pay the Canadian Contractor for their portion of the contract, and will the ISA pay the Israeli partner(s) directly for their portion of the contract? Or will the Canadian Contractor be awarded the full contract and, as prime, make payments to the Israeli partner(s)?

Answer #4

CSA will pay the Canadian contractor for the Canadian contract up to a maximum of \$300,000 and ISA will pay the Israeli partner(s) directly with their own contract(s).
