This Amendment 005 is raised to answer the following bidder questions:

Question 21:

In Section 1 of the SOW, under NOTICE, #4. It states the following.

"CBSA will provide three (3) Dell PowerEdge R720xd. The servers will need to be formatted as they currently contain data and reconfigured according to requirements within this document. CBSA will provide as possible, any documentation or software required. If CBSA is unable to provide the software, it will be the responsibility of the contractor."

Answer 21:

The SQL license is an SQL express license that comes as part of the Milestone license. When you load the Milestone software, it automatically loads SQL Express.

Question 22:

I would like to know if CBSA requires two microphones in each interview room where there is a glass partition separating the client from the CBSA employee? One on the client side and one on the employee side in order to capture audio from both sides.

Answer 22:

If it's possible to connect both microphone to 1 camera then yes, two microphones should be used. However, if it's not possible to have both microphones synchronized with the interview room camera, then 1 microphone will suffice and must be placed on the client side.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
