Solicitation Amendment 001

This solicitation amendment is raised to address a revision in the document “Doing Business with PWGSC - Pacific Region”.

Refer to the document “Doing Business with PWGSC - Pacific Region”, Section IV Preparing Construction Contract Documents, Part B Specifications, Item #5 National, Provincial and Local Codes and Regulations:

Delete: in its entirety

Insert:

5. National, Provincial and Provincial Codes and Regulations

Always use or specify the applicable national, provincial and local codes and regulations with a clause that states” *the most stringent will apply*”. It’s PWGSC policy to follow and apply the most stringent of the national, provincial or local codes.

The Authority Having Jurisdiction (AHJ) for building projects that house Federal Government employees or people in institutions under Federal Government Administration, including prisoners, patients, students, etc, the Authorities Having Jurisdiction (AHJ) are:

- .1 The local AHJs such as local Fire Marshal, and/or local municipal government building department;
- .2 The PWGSC Fire Protection Engineer (PWGSC FPE);
- .3 The PWGSC Fire Protection Coordinator (PWGSC FPC). The PWGSC FPC relies on the PWGSC FPE’s technical expertise. The PWGSC FPC will only be involved when there is a disagreement between the consultant and PWGSC FPE, or if there is a noncompliance code issue, mitigated through an Alternative Solution;
- .4 The OGD Fire Protection Coordinator (OGD FPC). The OGD FPC relies on PWGSC FPE’s technical expertise, and will be involved in approval of any non-compliant code issues, including Alternative Solutions;
- .5 Treasury Board of Canada.

It is the prime consultant’s responsibility, with help from the Design Manager, to engage the AES team and PWGSC FPE for project reviews from preliminary to the construction stage of the project.

All other terms and conditions remain unchanged.

End
