- .2 The materials supplied by Canada are being delivered to site by Canada. The Contractor shall coordinate delivery of materials to site by Canada with Dave Bursey (709-772-3244). The Contractor shall be responsible for offloading materials and storing them at the work site.

1.3 DELIVERY REQUIREMENTS

- .1 Materials supplied and delivered by Canada will be available following acceptance of Bid. Once turned over to the Contractor, the Contractor will be responsible for offloading and storage at the work site.
- .2 The Contractor will become responsible to supply all missing materials and repair or replace damaged items and missing parts discovered during offloading at site.

PART 1 - GENERAL
(CONT'D)

1.3 DELIVERY REQUIREMENTS
(CONT'D)

- .3 Failure of the Contractor to make a complete check of the Canada-supplied material and to acknowledge receipt of same shall not relieve him of this contractual responsibility to replace or repair any item subsequently found to be missing or damaged.
- .4 Departmental Representative will make final determination as to whether an item can be repaired or must be replaced.

1.4 CONTRACTOR'S DUTIES

- .1 Offload and store all materials supplied by Canada at the work site. Coordinate delivery of materials to site with PWGSC and Parks Canada.
- .2 Take possession of all materials supplied by Canada immediately upon delivery to site.
- .3 Obtain and pay for services to unload and store at work site.
- .4 Offload and handle at site, including lifting, uncrating, etc.
- .5 Store material on site at a location approved by Departmental Representative. Provide protection against inclement weather and site damage by use of appropriate covers.
- .6 Be responsible for the protection of such material against damage, loss, theft and fire from date of receipt, offloading, temporary storage and until final installation of work is accepted by the Departmental Representative.
- .7 Any damage or loss of such material shall result in the Contractor being responsible for replacement or repair of equipment at no cost to Canada.
- .8 The decision as to whether damaged items may be repaired or must be replaced with new equipment shall be the Departmental Representative's decision.
- .9 Install such material and incorporation into the work. Perform assembly and make all connections as required to make item functional.
- .10 Dispose of containers, crating and protective covering off site as directed by the Departmental Representative.
