Amendment 001

The purpose of this amendment is to answer questions from potential bidders, to extend the bid closing date indicated on page 1 of the Request for Proposal (RFP) documents and to revise page 2 of the RFP.

Page 1 of the RFP is amended as follows:

Delete: Solicitation Closes at 02:00pm EDT, on 2015-04-02

Insert: Solicitation Closes at 02:00pm EDT, on **2015-04-23**

Page 2 of the RFP is amended as follows:

Delete: A debriefing or feedback session will be provided upon request to bidders who bid on the previous solicitation.

Insert:

Note 3: The only change to the purchase description for this solicitation is the testing for the colorfastness of the leather (**ISO 11640:2012: Leather – Tests For Colourfastness – Colourfastness to cycles of to-and-fro Rubbing**). Instead of asking for only one test result for dry and wet testing - we are now asking for two test results (Change in colour and Staining of the felt).

QUESTION 1:

In the section MATERIALS AND MANUFACTURE/Upper/Tests/Wet testing – 20 cycles, the new RFP stated Staining of the felt 2.5 instead of 2/3 as the previous RFP. Can you accept the result submitted in the previous RFP closing on 2015-02-2015 or the tests need to be re-done?

ANSWER 1:

A test result in 2/3 would be the same as 2.5. Therefore either format for this test result will be accepted.

QUESTION 2:

SIZING: Section A.3.1.1 size roll: The sizes in this section are different than those in the Purchase Description. Please clarify

ANSWER 2:

The sizing must be in accordance with the sizes indicated in Annex A in the solicitation.

QUESTION 3:

OUTSOLE: Can we use TPR or Rubber material?

Solicitation No. - N° de l'invitation
21120-152534/B
Client Ref. No. - N° de réf. du client
21120-152534

Amd. No. - N° de la modif.
File No. - N° du dossier
pr76021120-152534

Buyer ID - Id de l'acheteur
pr760
CCC No./N° CCC - FMS No./N° VME

ANSWER 3:

The outsole material must be in accordance with the specifications in the purchase description (see below).

Outsole: "The boot must have a black polyurethane mono (one density) outsole with heel. The outsole can be direct injected or attached with cement construction."

QUESTION 4:

VAMP LINING & INSOCK: Can we use Cambrelle material?

ANSWER:

The Vamp Lining must be in accordance with the specifications in the purchase description (see below).

Vamp Lining: "The vamp lining must be solid black cow split leather – thickness 0.8 - 1.2 mm."

QUESTION 5:

SAMPLE SIZE: Can the sample pair be a size other than 10?

ANSWER

The sample size must be size 10.

All other terms and conditions remain the same.
