Bidders' Questions and Responses from Canada

Question #1: I would like to draw your attention to the staffing requirements for the Wildlife Control program at CFB Trenton for the above referenced solicitation. On page 24 of 49 under Section 5.0 there is a requirement to supply 2 full time wildlife control officers, 7 days a week from 1 hour before sunrise to 1 hour after sunset. I believe this to be a typo as the current requirement on CFB Trenton is only 1.

Also greater detail will be required in the solicitation to address man power requirements when CFB Trenton and Mountainview are in simultaneous operation. Mountainview is a much smaller airfield and currently there is no need for 2 full time wildlife control officers at this site."

Response #1: The minimum requirement for CFB Trenton will be a minimum of one Wildlife Control Officer 7 days a week from 1 hour before sunrise to 1 hour after sunset. When requested (using a Task Authorization) the minimum requirement for CFD Mountainview will be a minimum of one Wildlife Control Officer for 8 hours per day authorized. Please refer to revisions in this amendment.

Question #2: The number of bird strikes is requested.

Response #2: In 2013 there were 7 bird strikes.
