Amendment 001 is being issued to answer bidder questions and to make changes to the solicitation.

Q1: At Annex A, Requirement, Item 3. Dispensers. If the Offers products are not compatible with currently installed dispensers, the offer must provide dispensers and installation as well as provide repairs/replacement of all dispensers on-site at no cost to the Crown.

What brand of dispensers are presently being used? How many dispensers would have to be replaced if not compatible with present dispensers?

R1: It is unknown at this time how many dispensers would need replacing. If the paper towels and hand soaps proposed by the offeror are compatible with the current dispensers then no replacing would be required. CFB Borden's current dispensers are:

1. SF 2111 Manual Foam dispenser needs foam soap handles most foam soap from 0-14 centipoise (cps).
2. Wausau paper T86801SG Optiserv mechanical hands free roll towel dispenser.

Q2: At Annex A, Requirement, Item 3. Dispensers and Item 4, Equipment Materials, it is mentioned that products must compatible to CFB Borden's dispensers. Can you clarify which products are being used in the dispenser systems?

R2: The hand soap dispensers must handle most foam soap from 0-14 centipoise (cps) (CFB Borden uses several kinds). In addition, CFB Borden currently uses the dispensers mentioned in Response 2 (R2) above. Wausau paper 31040 dublnature white roll towel 1000 feet in paper towel dispenser.

Q3: Can DND clarify what the Dilution ratio percentage is for those products being used in the dispensers. i.e. 1 liter of product to 20 liters of water?

R3: There is no dilution ratio.

Q4: How do substitutions work for the products listed in Annex E – Appendix 1? For example, we have our own line of Wypall wipers that we would want to get approved.

R5: If an Offeror has a line of products similar to the brand(s) mentioned in Annex E – Appendix 1, each Offeror must provide their specifications to the Contract Authority. The item(s) will then require approval from the DND Technical Authority which must be approved prior to the solicitation closing date.
