This amendment is raised to extend the closing date to Tuesday, April 21, 2015 at 2:00 pm EDT and to change the requirement for the following sections of the solicitation.

DELETE:

4.1.1.1 Pre-Award Samples and Supporting Documentation

As part of the technical evaluation, to confirm an Offeror's capability of meeting the technical requirements, one (1) pre-award sample of each item must be included with the offer.

The Offeror must ensure that the required pre-award samples are manufactured in accordance with the technical requirement and are fully representative of the offer submitted. Rejection of the pre-award samples will result in the offer being declared non-responsive.

The Offeror must deliver the required pre-award samples at no charge to Canada and must ensure that they are received with the offer at time and place of Request For Standing Offer closing. Failure to submit the required pre-award samples within the specified time frame will result in the offer being declared non-responsive. The samples submitted by the Offeror will remain the property of Canada.

The pre-award samples will be evaluated for quality of workmanship and conformance to specified materials and measurements.

The requirement for pre-award samples will not relieve the successful Offeror from submitting samples and test results as required by the contract terms or from strictly adhering to the technical requirement of this Request For Standing Offer and any resultant contract.

Fabric requirements - One (1) metre in length, full width must constitute a pre-award sample.

The requirement for a pre-award sample may be waived if the Offeror has supplied the item(s) within the past three (3) years in accordance with the latest specification.

Please specify:

- Item supplied: _____

- Your previous Contract/Standing Offer number: _____

If the above has been met, the Offeror represents and warrants that no significant changes have occurred in their manufacturing processes nor their organization or their sub-contractors' organization since the last award or pre-award qualification that could affect the manufacturing of the referenced item.

The Offeror must submit the pre-award samples if a waiver is not given. The Offeror will be advised when the pre-award samples are required.

The Offeror must ensure that the required pre-award samples are manufactured in accordance with the technical requirement and are fully representative of the offer submitted. Rejection of the pre-award samples will result in the offer being declared non-responsive.

The Offeror must deliver the required pre-award samples at no charge to Canada and must ensure that they are received within 21 calendar days from request. Failure to submit the required pre-award samples within the specified time frame will result in the offer being declared non-responsive.
