Cette modification 003 est apportée pour répondre à la question suivante:**Question 3:**

I am referring to your captioned solicitation document & wondering if it's possible to get the information on the end user buying cycle for the similar & comparable models based upon their buying pattern in the last couple of years. Please see to link below that I am referring to <https://buyandsell.gc.ca/for-businesses/promote-yourself/questions-to-ask> i.e quantities per year , no of such orders per year, quantities per order
This will help me prepare a competitive quote for this RFP.

Answer 3:

This is a « one shot deal » for our department only. We do not do any kind of planification for other departments, so we do not know if any future needs may arise.

Question 4:

In regards to Part 4, Section 1 – Evaluation Procedures;

How will alternative and equivalent products be evaluated in regards to the bid?

Will the products be selected solely on cost and specifications, or will a physical evaluation of the products be performed prior to selection of product?

Also, will vendors be selected per product or alternative, then awarded the contract based on physical evaluation of the products?

In the case of physical evaluations; How will delivery timelines be adjusted to account for the evaluation period?

Could you please provide some clarification on the selection and award process, in regards to alternative products, it would be appreciated.

Answer 4:

Any equivalent product offered will be technically evaluated in accordance with Clause B3000T, Equivalent Products, detailed at Part 3, Bid Preparation Instructions.

Refer also to Part 4, Evaluation Procedures, Article 1.1.1, Mandatory Technical Criteria.

The technically responsive (compliant) bid with the lowest evaluated price on an aggregate basis will be recommended for award of a contract.

Delivery timeline in accordance with Amendment 001, 1.6 Delivery Requirement and 1.7 Delivery Offered
