Description of the requirement:

(a) This bid solicitation is being issued to satisfy the requirement of Library and Archives Canada for Task-Based Informatics Professional Services (TBIPS) under the TBIPS Supply Arrangement (SA) method of supply.

(b) Bidders must propose one (1) representative resources for each of the following resource category under Workstream 1, Applications Services:

Application/Software Architect, System Analyst, Web Designer and Programmer/Analyst.

(c) The resource under each resource category A.1 Application /Software Architect (level 2), A.7. Programmer/Analyst (level 2), A.8 System Analysis (level 2) and A.13 Web Designer will be evaluated. Additional resources will be assessed at the time that specific task authorizations (TAs) are issued to the contractor subsequent to contract award. When a TA is issued by Library and Archives Canada (LAC), the contractor will be requested to propose resources to satisfy the specific requirement. The additional proposed resource(s) will then be assessed against the resource assessment criteria included in the TA.

(d) It is intended to award one contract for a one (1) year period, plus an irrevocable option allowing Canada to extend the term of the contract for two (2) additional one (1) year periods.

Proposed period of contract:

The proposed period of contract shall be from **Contract Award** to one year later

File Number: 5Z011-15-0165
