## **2.0 REQUEST FOR STANDING OFFER AGREEMENT**

### **2.1 INTRODUCTION**

One method of supply used by the NCC to satisfy the requirements of identified internal users is to arrange a Standing Offer Agreement (SOA) to provide goods, services or both to the NCC during a specified period. The identified internal users to be served may then be a delegated purchasing authority and may access the source of supply directly, as and when requested, by issuing purchase orders detailing the exact quantities of goods or services they wish to order from the Offeror at a particular time during the effective period of the Offeror's offer and in accordance with the predetermined conditions. This method of supply is particularly useful in acquiring frequently ordered commercially and non commercially available goods or services when the total volume or value of goods or level of services that may be required by one or more identified users can be estimated beforehand, but it is not possible at the outset to identify the exact requirements for any given user at a specific time in the future.

The NCC foresees a potential need to retain the services of a contractor to provide **Electrical Repair Services**, as more particularly stated herein and in the attached; you are hereby invited to provide to the NCC a Standing Offer. If you wish to submit an offer you are required to do so, on the enclosed forms and format. Please be advised that the quantity of goods and/or services and the estimated expenditure specified in the attached are only an approximation of requirements given in good faith. The making of a standing offer by the Offeror shall not constitute an agreement by the NCC to order any or all of the said goods and/or services. The NCC may make one or several purchase orders against a Standing Offer, each such purchase orders constituting an acceptance of said Standing Offer for the part of the said goods or services described in the purchase order. A request does not commit the NCC to

authorize the utilization of a Standing Offer or to pay any cost incurred in the submission of offers, or cost incurred in making necessary studies for the preparation thereof, or to procure or contract for any goods or services. The NCC reserves the right to reject or authorize for utilization any offer in whole or in part, with or without further discussion or negotiation.

## 2.2 GENERAL PROVISIONS

The Offeror acknowledges that a Standing Offer is not a contract. The Offeror offers to sell or provide and deliver to the NCC, upon the terms and conditions hereinafter set out, the goods and/or services detailed herein and at the prices listed herein or on the pricing basis set out herein, AS AND WHEN REQUESTED by authorized NCC users such goods and/or services the authorized user orders, in accordance with the following provisions.

It is understood and agreed that:

- a purchase order against a Standing Offer shall form a contract only for those goods or services, or both, which have been ordered, provided always that such a purchase order is made in accordance with the provisions of the Standing Offer;
- the issue and distribution of the authorization to use any resulting Standing Offer does not oblige the NCC to authorize or order all or any of the goods and/or services described in the Standing Offer;
- The NCC's liability shall be limited to that which arises from purchase orders against any resulting Standing Offer made within the period specified herein;
- The NCC reserves the right to procure the specified goods and/or services by means of contracts, standing offers, or by other contracting methods.
- The Offeror agrees that prices quoted herein are firm and must be valid for acceptance for 60 days from the closing date of this Request for Standing Offer (RFSO).

## 2.3 STANDING OFFER REQUIREMENT:

The National Capital Commission (NCC) wishes to retain the services of an **Electrical Contractor** as detailed in the Terms of Reference on an "as and when requested" basis under a Standing Offer Agreement.

## 2.4 PERIOD OF THE STANDING OFFER AGREEMENT:

The resulting Standing Offer Agreement will be for a period of three (3) years from the date of award. Hourly rates quoted will remain the same for the first year. The NCC will allow the successful contractor to increase their hourly rates by the consumer price index for the second and third year.

Year Two of the SOA

The hourly rates (excluding taxes) for the second year period shall be based on the hourly rates (excluding taxes) as tendered by the Offeror, plus or minus a price adjustment based on the Consumer Price Index (CPI) – All Items Ottawa-Gatineau (AIOG), specifically the percentage difference between the CPI-AIOG of March 2015 and March 2016, plus applicable taxes.

Year Three of the SOA

The hourly rates (excluding taxes) for the third year period shall be based on the hourly rates (excluding taxes) established in year two plus or minus a price adjustment based on the Consumer Price Index (CPI) – All Items Ottawa-Gatineau (AIOG), specifically the percentage difference between the CPI-AIOG of March 2016 and March 2017, plus applicable taxes.

Note: The Consumer Price Index – All Items Ottawa-Gatineau (CPI-AIOG) is available on Statistics Canada's website at <http://www40.statcan.ca/101/cst01/cpis02a-eng.htm>, in table Consumer Price Index, by city (monthly).

The NCC reserves the right to terminate the SOA of any firm that shows repeated failure to satisfactorily manage the quality, quantity, timeliness and/or respect the rates of the project, and of sub-contractor / specialists.

2.5 CALL-UP PURCHASE ORDER DOCUMENT:

The authorized "Purchase order Against a Standing Offer" document will be NCC Purchase Order # XXXXXX. The purchase order document shall specify the firm name and address, Purchase Order number, delivery date required, delivery location, description of goods or services performed quantities, unit prices, purchase order limit, and an approval signature to proceed by the authorized designated user.

2.6 CALL-UP PURCHASE ORDER LIMITATION:

The maximum all-inclusive amount payable for any one purchase order (call-up) shall be \$30,000 CDN including all fees, disbursements, subcontractor(s) costs and all applicable taxes. Change Orders may be processed against any call-up to a maximum of 20% of the initial total call-up amount.

Work should not proceed until NCC's Contracts has issued a purchase order number specific to that call-up.

If no extra work is authorized by the NCC Project Manager, the written quotation shall constitute the maximum amount payable under the purchase order.

2.7 ESTIMATED SOA EXPENDITURE:

The estimated expenditure for the Standing Offer Agreement is \$ 120,000 CDN including taxes. As operational requirements become more defined, the NCC reserves the right to increase the total estimated expenditure by 10% but in no circumstance will the total estimated expenditure for the SOA be more than \$132,000 including taxes.
