A "Request for Proposal" (RFP) is the solicitation document used to seek proposals or bids from suppliers. The term "Bidder", also called the "Offeror", refers to the potential supplier submitting a proposal or a bid. **The Bidder submitting a proposal may, however, consist of several firms putting one proposal together as a joint venture. In the case of a joint venture, the combined experience of the firms forming the joint venture will be considered for the purposes of determining the Bidders' compliance to the Mandatory and Rated Requirements.**

Wherever the words "Proposal" or 'Bid' appear in this document", each shall be taken to mean the same as the other.

The MANDATORY REQUIREMENTS of this RFP are identified specifically with the words "MANDATORY", "MUST", "ESSENTIAL", "SHALL", "WILL", "IT IS REQUIRED", AND "REQUIRED". IF a MANDATORY REQUIREMENT is not complied with, the proposal will be considered NON-RESPONSIVE and will not receive any further consideration. In the context of this RFP, Non-Responsive, Non-Compliant and Non-Valid shall each be taken to mean the same as the other.

Natural Resources Canada  
Bid Receiving Unit - Mailroom  
588 Booth Street, Room 108

Ottawa, Ontario K1A 0Y7  
**Attention: Valerie Holmes**

It is requested that the Bidder's name, return address, Request for Proposal Number, and Bid Closing Date appear legibly on the outside of the envelope containing the Bidder's proposal. Failure to do so may result in bids being misdirected. **NRCan will not assume responsibility for proposals directed to any other location.**

The onus is on the Bidder to ensure that the proposal is delivered to the location above. Not complying with the above instructions may result in NRCan's inability to ascertain reception date and/or to consider the bid prior to contract award. Therefore, NRCan reserves the right to reject any proposal not complying with these instructions.

2.1 Due to the nature of the bid solicitation, bids transmitted by facsimile or electronic mail to NRCan will not be accepted.

### **3. Enquiries - Bid Solicitation**

All enquiries must be submitted in writing to the Contracting Authority no later than **three (3)** calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a "proprietary" nature must be clearly marked "proprietary" at each relevant item. Items identified as proprietary will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

To comply with the [Code of Conduct for Procurement](#), bidders are obliged to alert the contracting authority to any factual errors that they discover in bid solicitations.

### **4. Security Requirement**

There is no security requirement associated with this solicitation.

### **5. Bidder Financial Capacity**

The Bidder may be required to provide, prior to contract award, specific information with respect to their legal and financial status, and their technical and financial capability to satisfy the requirements as stipulated in this RFP. If requested, financial information to be provided shall include, but not be limited to, the Bidder's most recent audited financial statements or financial statements certified by the Bidder's chief financial officer. Information requested by NRCan is to be provided by the Bidder as stipulated in the request by the Contracting Authority.

Should the Bidder provide the requested information to Canada in confidence, while indicating that the disclosed information is confidential, Canada will then treat the information in a confidential manner as provided in the Access to Information Act.

In the event that a proposal is found to be non-responsive on the basis that the Bidder is considered not to be financially capable of performing the subject requirements, official notification shall be provided to the Bidder by NRCan.

## 6. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Nunavut.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

## 7. Disclosure of Information

Any information, data and/or Intellectual Property which is provided in a proposal and is demonstrably proprietary to a Bidder, shall be so identified specifically (by paragraph, table, figure) in the proposal, and Natural Resources Canada will endeavor to protect such proprietary information, data and/or Intellectual Property in accordance with the laws of Canada and its normal policies, regulations and procedures. Any financial data and information provided by Bidders for the purpose of this RFP will be treated as "Commercially Confidential" and kept in confidence by Natural Resources Canada unless expressly stated otherwise in this RFP. Such information will not be disclosed, in whole or in part, except on a need-to-know basis for the specific purpose of proposal evaluation and for the activities related to the process of contract award, as applicable. Unless it is required to do so by law, NRCan will not divulge such data and/or information to any third party.

## 8. Conflict of Interest

If NRCan determines the successful Bidder to be in a possible conflict of interest situation, the Bidder will be required, prior to entering into a contractual relationship with NRCan, to disclose any and all holdings and activities that could possibly be in a conflict, real or perceivable, with the mandate and objectives of NRCan. In the event that NRCan decides that action is necessary in order to remove such a conflict, the successful Bidder will be required to take such action (which may include divestiture of certain assets or ceasing to perform certain activities) prior to entering into a contractual relationship with NRCan.

## 9. Basis for Canada's Ownership of Intellectual Property

The contract will not result in the development of any intellectual property.

## 10. Bid Preparation Instructions

Natural Resources Canada encourages the use of recycled paper and **two-sided printing**. Reduction in the size of documents will contribute to Natural Resources Canada's sustainable development initiatives and reduce waste.

In support of the Policy on Green Procurement, it is requested that bidders provide their bid in separately bound sections as follows:

**Section III:** Certifications - 1 copy

**OR:**

**ELECTRONIC STORAGE MEDIA:**

Since NRCan is working towards a greener environment by eliminating all hard copy file folders, we prefer to have all bids on a CD/DVD or USB. If you wish to submit in this format, please provide the following:

**NOTE:** 1 CD/DVD/USB will contain: 1 Technical, sole Financial Bid, Certifications and signed first page

**Section III:** Certifications - 1 copy (included with original Technical Bid and sole Financial Bid)

**Note: NRCan will accept either Hard copy or Electronic Storage Media submitted bids. It is NRCan's preference that bids be submitted on Electronic Storage Media, in order to adhere to our Green Initiative.**

No payment shall be made for costs incurred by the Bidder in the preparation and submission of a proposal in response to this RFP.

All fees, associated with the transfer of data or of all documents as may be required by NRCan as part of the solicitation process, are the responsibility of the Bidder. No costs incurred by the Bidder before receipt of a signed contract or specified written authorization from the Contracting Authority can be charged to any resulting contract.

**NOTE: WHEN SUBMITTING A BID TO THIS SOLICITATION AND YOU USE A COURIER SERVICE, YOU ARE ADVISED TO WRITE THE BID SOLICITATION NUMBER, CLOSING DATE AND TIME ON THE FRONT OF THE COURIER PACKAGE; NOT JUST ON THE ENVELOPES WITHIN THE COURIER PACKAGE IN ORDER TO AVOID ANY UNCERTAINTY FROM OUR BID RECEIPT UNIT WHEN RECEIVING BIDS WITHOUT ANY INDICATION WHAT THEY ARE FOR.**

- b) **Format of Bid:** Canada requests that bidders follow the format instructions described below in the preparation of their bid :
- i. use 8.5 x 11 inch (216 mm x 279 mm) paper;
  - ii. use a numbering system that corresponds to the bid solicitation;
  - iii. include a title page at the front of each volume of the bid that includes the title, date, bid solicitation number, bidder's name and address and contact information of its representative; and
  - iv. Include a table of contents.
- c) **Canada's Policy on Green Procurement:** The policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process. See the [Policy on Green Procurement](http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders are encouraged to:
- i. use paper containing fibre certified as originating from a sustainably-managed forest and/or containing minimum 30% recycled content; and
  - ii. use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.
  - iii. use of electronic storage media, whenever possible, to reduce the use of paper products.

## 1. Section I: Technical Bid

In their technical bid, bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders must demonstrate their capability and describe their approach in a thorough, concise and clear manner for successfully carrying out the work as described in the Annex "A" - Statement of Work".

Bidders must respond to government bid solicitations in an honest, fair and comprehensive manner, accurately reflect their capacity to satisfy the requirements stipulated in the bid or contract documents, and submit bids and enter into contracts only if they will fulfill all obligations of the contract.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient and may result in a loss of points. In order to facilitate the evaluation of the bid, Canada requests that bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

It is the responsibility of the Bidder to obtain clarification of the requirements contained in the RFP, if necessary, prior to submitting a proposal. The Bidder must provide sufficient details in its proposal to substantiate compliance with what is required; all professional experience must be fully documented and substantiated in the proposal(s).

In the event of a proposal submitted through contractual joint venture, the proposal shall either be signed by all members of the joint venture or a statement shall be provided to the effect that the signatory represents all parties of the joint venture. (All members of the joint venture shall be jointly and severally or solidarily liable for the performance of any resulting contract awarded as a result of a joint venture.)

## 2. Page 1 of the RFP Document

It is mandatory that all bidders sign their submitted proposal. It is requested that all bidders complete, sign and date Page 1 of this RFP (including the name of the submitting organization, the name of the authorized signing person, appropriate addresses, telephone and facsimile numbers and business contact) prior to submitting their proposal. As the signature indicates a clear acceptance of the terms and conditions set out in the RFP, it is the Bidder's responsibility to ensure that the signatory has the authority within its organization to commit the Bidder by making such a contractual offer.

As per article 1 of Part 2, the Bidder hereby agrees, by submitting his/her proposal in response to this RFP, to all the instructions, terms, conditions and clauses detailed herein.

## 3. Section II: Financial Bid

Bidders must submit their financial bid in accordance with Annex "C"- Financial Proposal. The total amount of Goods and Services Tax or Harmonized Sales Tax must be shown separately, if applicable.

All bids are evaluated in Canadian currency. Therefore, for evaluation purposes, the noon rate quoted by the Bank of Canada as being in effect on date of bid closing will be applied as the initial conversion factor for the specified currency.

Canada will pay the exchange rate adjustment amount in Canadian currency using the prevailing noon rate on the date of payment by Canada.

## 4. Section III: Certifications

Bidders must submit the certifications as per Annex "D".

## PART 3: EVALUATION PROCEDURES AND BASIS OF SELECTION

### 1. Evaluation Procedures

- (a) Bids will be evaluated in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria and in conjunction with Annex "A" - Statement of Work;
- (b) If the Bidder is deemed non-responsive as a result of evaluation, the bid will be set aside and not considered for contract award.
- (c) The proposed successful bidder will be determined in accordance with the contractor selection method stated in this Part.
- (d) All proposals shall be treated as CONFIDENTIAL and will be made available only to those individuals authorized to participate in the evaluation process. All bidders will be subject to the terms of the *Access to Information Act* and to other applicable law or orders of courts or other tribunals having jurisdiction.
- (e) An evaluation team will evaluate the proposals on behalf of NRCan. While the evaluation team will normally be comprised of representatives of NRCan, it *may* also include representatives from other Government Departments and Agencies or third party participants as selected by NRCan.

### 2. Rights of NRCan

NRCan reserves the right to:

- seek clarification or obtain verification of statements made in a proposal;
- reject any or all proposals received in response to the bid solicitation;
- enter into negotiations with bidders on any or all aspects of their proposal;
- accept any proposal in whole or in part without prior negotiation;
- cancel the bid solicitation at any time;
- reissue the bid solicitation;
- verify any or all information provided by the Bidder with respect to the solicitation including references;
- retain all proposals submitted in response to the solicitation;
- declare a proposal non-responsive if NRCan determines during the evaluation phase that the Bidder does not have the legal status, the facilities or the technical, financial and/or managerial capabilities to fulfill the requirements stated herein;
- discontinue the evaluation of any proposal which is determined, at any stage of the evaluation process, to be non-responsive.

### 3. Basis of Selection

Only those bids that are deemed to be responsive (compliant) will be evaluated under the basis of selection:

#### **Highest Combined Rating of Technical Merit and Price**

The responsive (compliant) Bidder with the highest combined rating of technical merit **(70%)** and price **(30%)** will be recommended for award of a contract. See the following example table below.

Example of 70% Technical Merit and 30% Price Determination			
	Bidder 1	Bidder 2	Bidder 3
Technical Points Achieved by Bidder	88	82	76
Price Quoted by Bidder	\$85,000	\$80,000	\$75,000
CALCULATIONS			
	Technical Points Achieved	Rated Price Points Achieved	Total Points Achieved
Bidder 1	$\frac{88}{88} \times 70 = 70.00$	$\frac{75}{85} \times 30 = 26.47$	96.47
Bidder 2	$\frac{82}{88} \times 70 = 65.23$	$\frac{75}{80} \times 30 = 28.13$	93.36
Bidder 3	$\frac{76}{88} \times 70 = 60.46$	$\frac{75}{75} \times 30 = 30.0$	90.46
* Represents the highest technical score			
** Represents the lowest priced proposal			

**Assumption:** Three responsive (compliant) bids have been received. The maximum technical score that can be obtained is 100 points. The highest technical score and lowest bid price receive full rated percentage and other proposals are pro-rated accordingly.

The winner is the Bidder scoring the highest Total Points as a result of applying the Best Value Calculations to the technical bid and the bid price respectively. Based on the above calculations a contract would be awarded to Bidder 1.

#### 4. Sole Bid - Price Support

In the event that the Bidder’s proposal is the sole bid received and is deemed responsive, NRCan may request one or more of the following as acceptable price support:

- a) Current published price list indicating the percentage discount available to the federal government; and/or
- b) Paid invoices for like services sold to other customers; and/or
- c) A price certification statement; and/or
- d) Any other supporting documentation as requested.

#### 5. Contract Award Notice/Bidder Proposal Evaluation Debriefing

A Contract Award Notice (CAN) will be prepared and published on the Government Electronic Tendering Service (GETS) hosted by Public Works and Government Services Canada’s website <https://buyandsell.gc.ca/> within seventy-two (72) days after award of any contract. Bidders may request and receive a de-briefing provided that a written request is received by e-mail at [valerie.holmes@NRCan-RNCan.gc.ca](mailto:valerie.holmes@NRCan-RNCan.gc.ca) no later than thirty (30) calendar days from the published date of the CAN.

Bidders are requested to direct any additional questions they may have respecting this competitive bid process to the Contracting Authority detailed herein.

The Office of the Procurement Ombudsman (OPO) was established by the Government of Canada to provide an independent avenue for suppliers to raise complaints regarding the award of contracts under \$25,000 for goods and under \$100,000 for services. You have the option of raising issues or concerns regarding the solicitation, or the award resulting from it, with the OPO by contacting them by telephone at 1-866-734-5169 or by e-mail at [boa.opo@boa.opo.gc.ca](mailto:boa.opo@boa.opo.gc.ca). You can also obtain more information on the OPO services available to you at their website at [www.opo-boa.gc.ca](http://www.opo-boa.gc.ca).

### 4. Standard Clauses and Conditions

#### 4.1 General Conditions

**General Conditions - Higher Complexity - Services 2035 (2014-09-25) apply to and form part of the Contract.** As applicable, replace references to Public Works and Government Services Canada (PWGSC) with Natural Resources Canada (NRCan).

#### 4.2 Insurance

The Contractor is responsible for deciding if insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. #### 4.4 Supplemental General Conditions

The following clauses apply to this contract:

##### 4.4.1 Dispute Resolution

###### *Mediation*

If a dispute arising from this contract cannot be settled amicably through negotiation, then the parties agree in good faith to submit the dispute to mediation as administered by the Arbitration and Mediation Institute of Canada Inc. (AMIC). The parties acknowledge receipt of the rules of AMIC. The cost of mediation shall be borne equally by the parties.

###### *Meaning of "Dispute"*

The parties agree that the word "dispute" in this clause refers to a dispute of fact or of law, other than a dispute of public law.

Organizations are encouraged to select from one of the following two options:

###### **Option 1:**

The parties understand that the Procurement Ombudsman appointed pursuant to Subsection 22.1(1) of the Department of Public Works and Government Services Act will, on request or consent of the parties to participate in an alternative dispute resolution process to resolve any dispute between the parties respecting the interpretation or application of a term and condition of this contract and their consent to bear the cost of such process, provide to the parties a proposal for an alternative dispute resolution process to resolve their dispute. ## ANNEX “A” - STATEMENT OF WORK

### SW1 Title

Construction of Turn-Key Geological Field Camp for the Geo-mapping for Energy and Minerals (GEM) program, Rae Project, Tehery-Wager Geoscience Mapping Activity.

### SW2 Background

Prime Minister Stephen Harper announced on August 22nd 2013 renewed support of \$100 million over seven years (2013-2020) for the Geo-mapping for Energy and Minerals (GEM) program. The objective of GEM is to advance geological knowledge in the North to support increased natural resource exploration and inform land-use decision-making in a way that balances conservation and responsible resource development.

The Geological Survey of Canada (part of NRCan) wishes to conduct geological mapping and research, from late June till early August 2015 with a field camp near the Lorillard River, over a large region south of Wager Bay and north of Chesterfield Inlet in Nunavut. Mapping will be conducted by a team of up to approximately 16-18 people (geologists and support personnel) out of a proposed field camp along the Lorillard River approximately 145 km north-northeast of Chesterfield Inlet.

### SW3 Objectives

The goal is to cost effectively establish a “turn-key” remote field camp prior to the arrival of the scientific field team. In the past, scientific staff has been responsible for camp construction. Senior management views this as a poor use of highly-trained human resources.

### SW4 Project Requirements

#### SW4.1 Tasks, Deliverables, Milestones and Schedule

A suitable field campsite has been identified along the Lorillard River ~145 km north-northeast of Chesterfield Inlet (Lat: 64°37' 0.86"N; Long: 90°06' 18.73"W).
