Question 4:

With reference to Solicitation No. F7049-140431 CCGS Henry Larsen-VLS Drydock Refit section 24.0 ICS We would like to offer the Vingtor equivalent to the Hose McCann, please confirm if this is acceptable?

Answer 4:

Section 24.1.1 of Annex A was amended in Solicitation Amendment 2 to state “The intent of this specification is to remove the existing ships internal communications system in its entirety, and replace with a new Contractor supplied Internal Communications System with manufacturers recommended spares. Please refer to paragraph 24.3.11”

The Amendment to Section 24.1.1 has removed references to Equal or Equivalent Products from this specification specifically and therefore the Evaluation procedures for Equivalents Products as referenced at Part 4 do not apply to Annex A Specification 24.

Nevertheless the make and model of the equipment that the Contractor proposes at 24.3.13 must meet the requirements as defined in Specification 24.

Question 5:

We would like to request the following drawings:

- a) 15-0302-01 – Ceiling Plan Main Deck FRS. 30-61
