**This amendment has been raised to make the following revisions:**

On Page 10 of 32 under 4.1.2 Financial Evaluation:

**Delete:**

Any offer which fails to meet the following mandatory requirements will be deemed non-responsive and will receive no further consideration.

- a) Offerors must complete all Tables.
- b) Pricing must be firm in Canadian currency and must not be indexed or tied to an escalation factor.
- c) The Offeror must provide pricing for at least twelve (12) of the sixteen (16) items in Table II and for all three (3) years.

Offers for each location listed in Annex "B" in Table I will be evaluated individually.

The extended price for each location will be calculated by multiplying the estimated usage values provided by the Offeror's corresponding unit price or discount percentage in Tables II to VI. The total assessed offer price for a location is the aggregate of all the extended prices for all three (3) years for the location from Table II to Table VI.

SACC Manual Clause M0220T (2013-04-25), Evaluation of Price

- d) The Offeror must provide pricing for at least twelve (12) of the sixteen (16) items in Table II and for all three (3) years. In the event that an Offeror does not provide a price (blank) for a line item(s). PWGSC will not, for evaluation purposes only, consider that line item in the evaluation process. There must be at a minimum of six (6) common line items in Table II between all offerors in order for Canada to evaluate the offers.
- e) The extended price of common line items for each location will be calculated by multiplying the estimated usage values provided by the Offeror's corresponding unit price or discount percentage in Tables II to VI. The total assessed offer price for a location is the aggregate of all the common line items extended prices for all three (3) years for the location from Table II to Table VI.
