In Section 3.2.4 you indicate that you are looking for a team that have completed 4 significant marine harbour projects in a freshwater environment. As the range of services indicated in Section GI1 of the RFP incorporates engineering expertise that in many cases is the same in fresh and salt water, will saltwater marine expertise and experience, in combination with freshwater experience, be considered in the evaluation of submitted responses?

Answer:

The crown will only consider freshwater experience to demonstrate experience for Section 3.2.4
