**This amendment has been raised to make the following revisions:**

On Page 9 of 24 under 4.1.2 Financial Evaluation:

**Delete:**

The Total Bid Price will be calculated in the following method:

The unit price quoted for each item will be multiplied by the estimated quantity to arrive at a total price per item. The total prices per item will be aggregated to determine the Total Bid Price.

Parts for each snowmobile model will be evaluated separately. More than one Contract may be awarded in response to this solicitation.

SACC Manual Clause M0220T (2013-04-25) Evaluation of Price

**Insert:**

The Total Bid Price will be calculated in the following method:

In the event that an Offeror does not provide a price (blank) for a line item(s). PWGSC will not, for evaluation purposes only, consider that line item in the evaluation process.

The extended price of common line items for each group will be calculated by multiplying the estimated usage values provided by the Offeror's corresponding unit price or discount percentage in Annex B. The total assessed offer price for each location is the aggregate of all the common line items extended prices for all three (3) years for each group. The total prices per item will be aggregated to determine the Total Bid Price.

SACC Manual Clause M0220T (2013-04-25) Evaluation of Price

**All other terms and conditions remain the same.**
