The purpose of this amendment is to answer questions and make a change, as follows:

Q1. In Section B) 3.1 on page 16, it is stated that, "The contractor must ensure security identification tags are picked up when entering any RCMP site and tags are returned prior to leaving the site from Security, located in Fort Dufferin. Government issued photo identification must be provided when picking up security identification tags."

Does this mean that all instructors will have to pick up and drop off their security passes at Fort Dufferin every day?

A1. *This requirement is dependent on the length of the term. Those that will be instructing for five or more days in a row will be able to retain their tags. For any shorter requests, the tag will need to be picked up and dropped off daily. The process to follow for the identification tags will be referenced on the "Call-up Against the Standing Offer". See change to clause below.*

Q2. In Annex 1, Section 13.0 on page 24, it is stated that a "Course evaluation report" will be provided to each learner. Will the results of these reports be shared with the Offeror?

A2. *No.*

Q3. In Annex 1, Section 16.0 on page 25, it is stated that, "Any issues must be brought to the Project Authority." It would be appreciated if the same could be extended to the Offeror in that if there are issues concerning one of the Offeror's instructors, the Offeror, or an appointed representative, will be informed of these issues and included on any resulting discussions and/or communications.

A3. *That is covered under Annex 1, Section 13.0 on page 24.*

Q4. In Annex 6 on page 31, does the Offeror have to fill out the table describing the mandatory specifications of the resource category(ies), or is this simply the template that the evaluation committee is going to use to rate the Offeror's bid.

A4. *The boxes must be checked. All mandatory criteria must be "MET". The evaluators will confirm that is correct when reviewing the documentation provided with the bid.*
